**Pete Chism gave the committee an update on Delta Sand and Gravel. He discussed their operation and showed pictures of his tour of the demolition landfill. Pete made the committee aware the Delta Sand & Gravel C&D landfill permit is out for public comment until March 17<sup>th</sup>. The definition of "Construction and Demolition waste" listed in the Oregon Administrative Rules OAR 340-093-0030:**

Definitions

(20) "Construction and Demolition Waste" means solid waste resulting from the construction, repair, or demolition of buildings, roads and other structures, and debris from the clearing of land, but does not include clean fill when separated from other construction and demolition wastes and used as fill materials or otherwise land disposed. Such waste typically consists of materials including concrete, bricks, bituminous concrete, asphalt paving, untreated or chemically treated wood, glass, masonry, roofing, siding, plaster; and soils, rock, stumps, boulders, brush and other similar material. This term does not include industrial solid waste and municipal solid waste generated in residential or commercial activities associated with construction and demolition activities.
