AGENDA ITEM TITLE: In the Matter of Adjusting the Base Annual Salaries of Lane County's Elected Officials

I. MOTION

Move to approve recommended option ____ of the Lane County Elected Officials Compensation Board in the matter of adjusting the base annual salaries of Lane County's elected officials and forward the recommendation for final approval to the Lane County Board of Commissioners.

II. AGENDA ITEM SUMMARY

The Budget Committee is being asked to consider base salary increase recommendations of the Lane County Elected Officials Compensation Board (EOCB).

The EOCB is providing two (2) options for considerations to the Budget Committee. Both options ensure competitive rates of compensation for elected officials. Option 1 provides a two percent (2%) cost of living adjustment for all elected officials, and market adjustments to the Assessor, District Attorney, and County Commissioner classifications in order to align their compensation with the market average. Option 2 provides a two percent (2%) cost of living adjustment for all elected officials, addresses internal compression with the Assessor's position, and aligns all elected official positions within five percent (5%) of the market average.

III. BACKGROUND/IMPLICATIONS OF ACTION

A. Board Action and Other History

Lane Manual Chapter 3, Section 3.100.010 gives responsibility to the Elected Officials Compensation Board (EOCB) to recommend to the Budget Committee and to the Board of County Commissioners a compensation schedule for Lane County elected officials.

Attachment 1 Elected Officials Compensation History describes EOCB activity from 2013 to 2022.

Pursuant to Lane Manual and ORS 204.112, the EOCB convened in 2023 to deliberate and develop recommended adjustments. Four (4) members of the EOCB present for the 2021/2022 deliberations returned for the 2022/2023 session. There is currently one (1) vacant position on the EOCB.

The EOCB held four (4) public meetings (January 25, 2023, February 23, 2023, April 5, 2023, and May 3, 2023), which included analysis and deliberations of the data provided by County staff.

B. Policy Issues

Oregon Revised Statute (ORS) 204.112 requires the EOCB to annually review and make recommendations regarding the compensation of elected officials. Additionally, ORS 204.126 specifies the recommendations for compensation changes for all elected officials must go to the Budget Committee. Annually has been interpreted to mean in alignment with the County's fiscal year, July 1 through June 30.

Additionally, compensation for Lane County's elected officials is governed by Lane Manual Chapter 3, Section 3.100.010, which requires the Human Resources Director to convene the Elected Officials Compensation Board (EOCB) at least once each year in which a general election is held. The EOCB must meet initially by July 31 and if there are recommendations that could result in increases for the Board of Commissioners, those recommendations must be reviewed by the Lane County Budget Committee.

If the Budget Committee recommends changes to the Commissioners' compensation, those changes must then be approved by the Board of Commissioners. Lane Manual only requires the Budget Committee review compensation changes for commissioner positions. However, the current Budget Officer, Steve Mokrohisky, has requested the Budget Committee review all elected official positions and forward its recommendations to the Lane County Board of Commissioners.

Any changes to the commissioners' compensation cannot take effect until January 1 of the year following the general election (in this case, January 1, 2025). Changes to

other elected officials' compensation may take effect immediately, may be retroactive, or may have a future implementation date.

Section 25 of the Lane County Charter sets the timeline under which increases to the Board members' compensation may take place:

“The compensation for the services of a county officer or employee shall be whatever amount the board of county commissioners fixes, but no increase in the compensation of a member of the board may take effect prior to the first odd-numbered year after the first general election after the increase is authorized.”

Section 26 (4) of the Lane County Charter requires that:

“The board of county commissioners shall maintain a system of personnel administration, including appeal procedures, in which each person in that service shall receive equitable compensation fixed on the basis of:

- (i) competence in the position with the County,
- (ii) record of service there and elsewhere,
- (iii) the range of compensation paid others by public and private employers for comparable service,
- (iv) the county's financial condition and policies, and
- (v) other factors relevant to the determination of what is fair compensation for the individual.”

In addition, in regards to determining elected officials compensation, Lane Manual Chapter 3, Section 3.100.010 states:

“The Compensation Board will consider at least the following when determining the compensation schedule:

- (a) The compensation paid to persons comparably employed by the State of Oregon, local public bodies, private businesses, non-profit agencies, and/or other counties within a labor market deemed appropriate by the Compensation Board for each elected officer;
- (b) The number of employees supervised; the size of the budget administered by each elective officer; the duties and responsibilities of each elective officer; and the compensation paid to subordinates and other appointed employees who serve in positions of comparable management responsibility. In any event, the Sheriff's compensation will be fixed in an amount which is not less than that for any member of the Department of Public Safety; and
- (c) “Compensation” is to be evaluated on the basis of the total compensation received, as relevant to the particular elected position....Total compensation

includes consideration of insurance benefits, retirement benefits (including pension and deferred compensation programs) time management or vacation and sick leave, life insurance, medical leave, and other fringe components.”

C. Board Goals

The County’s ability to attract and retain the best talent for elected official positions is crucial to providing the highest quality services for residents. The recommended options are in alignment with the County’s strategic priority of “*Our People & Partnerships: Provide a safe, healthy, and inclusive work environment that attracts and retains a diverse, highly skilled workforce with a deeply embedded commitment to delivering value and service to the residents of Lane County through operational effectiveness, fiscal resilience and partnership.*”

D. Financial and/or Resource Considerations

All elected official compensation is budgeted under the General Fund.

Total estimated additional costs for the EOCB recommended options for FY 23-24, FY 24-25 and FY 25-26 are as follows:

Option 1:

	FY 23-24	FY 24-25	FY 25-26	TOTAL
Assessor	\$15,804	\$15,804	\$15,804	\$47,412
District Attorney	\$3,485	\$3,485	\$3,485	\$10,455
Justice of the Peace	\$1,810	\$1,810	\$1,810	\$5,430
Sheriff	\$5,015	\$5,015	\$5,015	\$15,046
Board of Commissioners	-	\$93,669	\$187,337	\$281,006
Total	\$46,520	\$151,309	\$256,098	\$453,927

Option 2:

	FY 23-24	FY 24-25	FY 25-26	TOTAL
Assessor	\$15,068	\$15,068	\$15,068	\$45,204
District Attorney	\$1,826	\$1,826	\$1,826	\$5,478
Justice of the Peace	\$1,810	\$1,810	\$1,810	\$5,430
Sheriff	\$5,015	\$5,015	\$5,015	\$15,046
Board of Commissioners	-	\$73,067	\$146,133	\$219,200
Total	\$23,719	\$96,786	\$169,852	\$290,358

See Attachment 10, EOCB 2023 Costing for additional information on effective dates.

E. Health Implications

There are no health implications associated with this action.

F. Analysis

The County is charged with maintaining an equitable, competitive and competent workforce to provide County services to the community. Competitive compensation for services is a component of maintaining a vibrant workforce.

As has been done in past years, and is the standard practice with other positions within the County, the elected officials' compensation was reviewed against that of comparable positions in Clackamas, Deschutes, Jackson, Marion, and Washington Counties. A total compensation methodology was used, which compared not just the base wages, but also the value of health insurance contributions, retirement contributions, and other financial benefits. Unlike in past years, the value of paid leave and holidays was not included in the total compensation review. The comparator counties have different methodologies for providing paid leave for elected officials, which does not lend to a direct comparison. After discussion, the EOCB determined that including paid leave artificially inflated the total compensation for two comparator counties and excluded the data point from the analysis. See Attachment 7, 2023 EOCB Compensation Study.

Along with total compensation information, the EOCB considered wage compression with subordinates and the salaries for other appointed department directors as specified in Lane Manual Chapter 3, Section 3.100.010.

In 2022, the Assessor, District Attorney, Justice of the Peace, and Sheriff received adjustments that aligned the rates of pay with the market. With the exception of the Assessor, discussed below, these positions remain well aligned with the market. The County Commissioners did not receive an adjustment in 2022 and their compensation remains significantly below the market comparators.

The EOCB recommends a two percent (2%) Cost of Living Adjustment (COLA) for all elected officials, as well as additional adjustments for specific elected official positions as outlined below. The two percent (2%) COLA is consistent with COLAs provided to represented and non-represented Lane County employees. The provision of a COLA, as well as the other recommended adjustments, helps ensure that the compensation of elected officials remains competitive and reduces the likelihood that larger market adjustments, as were provided in 2022, will be required at a later date.

Assessor: Effective January of 2022, the Assessor's compensation was increased by \$12,945, a 10.72% increase, for a new annual base salary of \$133,648.

Unlike the other positions that received market adjustments in 2022, the difference in compensation between Assessor and the average market comparators was outside of the +/-5% highly competitive range. The Assessor's compensation was 7.6% below the market average. This is primarily a result of the fact that Washington County, which does not have an elected assessor, hired a new assessor in 2022 and at that time aligned their assessor's compensation with that of the other department heads in the County, resulting in a substantial increase over previous years. Given that Washington County's assessor is not elected, the EOCB discussed whether it was appropriate to continue to include that role in the market data. However, the duties of the Washington County Assessor also align more closely with that of the Lane County Assessor: both Washington and Lane include tax collection within the scope of their assessor's responsibilities, while Deschutes, Jackson, and Marion do not. The EOCB determined that the similarity in duties merited the continued inclusion of Washington County's Assessor, despite the differences in the method of appointment. Option 1 provides a 5.81% market adjustment for the assessor position, in addition to the two percent (2%) COLA, in order to align the assessor's compensation with the market average.

The assessor position is also experiencing salary compression, where the compensation range of the highest paid subordinate is above or very close to that of the supervisor. The Assessor's compensation is only 2.3% above the highest paid subordinate, and without adjustment, the Assessor compensation will be only three hundred sixty dollars (\$360) per year above the highest paid subordinate after the next approved COLA for non-represented staff in January of 2024. Option 2 recommends a 5.43% increase adjustment in addition to the two percent (2%) COLA to alleviate compression for the Assessor.

District Attorney: Effective January of 2022, the District Attorney's county base salary was increased by \$14,974, a 32.17% increase adjustment, for a new county annual base salary of \$61,516. The District Attorney also receives compensation from the State, bringing the total salary to \$209,937.

There is no salary compression for the District Attorney, with a 15% difference between the District Attorney and the highest paid subordinate. The county base compensation for the District Attorney was 3.4% below the market average. Lane County has historically considered compensation that is +/- 5% from comparator average to be highly competitive. Option 1 recommends a 1.78% adjustment for the District Attorney, in addition to the two percent (2%)COLA to align the county base compensation with the market average. Option 2 recommends just the two percent (2%) COLA, since the District Attorney's county base compensation falls within the highly competitive +/- 5% range.

Justice of the Peace: Effective January of 2022, the Justice of the Peace received an increase of \$9,299, or 19.15%, for a new annual base salary of \$57,859.

The Justice of the Peace is a 0.5 FTE position, while comparators have full time Justices of the Peace. When data analysis is adjusted to reflect the differences in FTE for the position, the Justice of the Peace's compensation was 2.7% above the

market average, within the +/- 5% highly competitive range. Given this, both option 1 and option 2 recommend only the two percent (2%) COLA for the Justice of the Peace.

Sheriff: Effective January of 2022, the Sheriff received an increase of \$19,874, representing a 13.16% increase, for a new annual base salary, before certification pay, of \$170,865.

There is no salary compression for the Sheriff; the compensation is 10.3% more than the highest paid subordinate. The total compensation is 0.7% below the market average. Given this, both option 1 and option 2 recommend only the two percent (2%) COLA for the Sheriff.

Commissioners: In January 2019 the Commissioners received a two percent (2%) COLA equating to a base salary increase of \$1,689.14 and received a second two percent (2%) COLA in January 2020 for a current annual base salary of \$87,869. The commissioner positions have received no adjustments since January 2020.

Under the Lane Charter, any adjustments to County Commissioner salaries cannot go into effect until the first odd-number year after the first general election after the increase is authorized. Any changes to County Commissioner compensation authorized between now and the November 2024 general election could not go into effect until 2025. January 4, 2025 is the beginning of the first pay period in 2025. This requirement does not apply to other elected officials.

The County Commissioners' total compensation is 27.6% below the market average. The base salary of \$87,869 is \$23,551 less than that of the lowest paid comparator, Deschutes County. Option 1 provides the same two percent (2%) COLA as provided to the other elected officials and Lane County staff, and also provides a market adjustment of 27.22% to align the County Commission compensation with the market average. Option 2 provides the two percent (2%) COLA and a market adjustment of 20.81% placing the County Commissioners' total compensation 5% below the market average. As per the Lane Charter, this adjustment would not take effect until 2025.

The Elected Officials Compensation Board remains very concerned about the sizable and growing gap between the County Commissioners' compensation and the market average.

G. Alternatives/Options

Option 1:

Effective retroactively to the first full pay period following July 1, 2023, increase the annual base salary of the indicated positions by the following amounts:

Representing a two percent (2%) Cost of Living Adjustment and a 1.78% market adjustment to the County portion of the salary;

Justice of the Peace – One thousand, one hundred and fifty seven dollars (\$1,157),
Representing a 2% Cost of Living Adjustment;

Sheriff – Three thousand, four hundred and seventeen dollars (\$3,417),
Representing a two percent (2%) Cost of Living Adjustment to the annual base salary before certification pay;

Effective the first full pay period following January 1, 2025, increase the annual base salary of the Commissioners– twenty six thousand, one hundred and fifty seven dollars (\$26,157),

District Attorney – One thousand, one hundred and fifteen dollars (\$1,115),
Representing a two percent (2%) Cost of Living Adjustment;

Justice of the Peace – One thousand, one hundred and fifty seven dollars (\$1,157),
Representing a two percent (2%) Cost of Living Adjustment;

Sheriff – Three thousand, four hundred and seventeen dollars (\$3,417),

Representing a two percent (2%) Cost of Living Adjustment to the annual base salary before certification pay;

Effective the first full pay period following January 1, 2025, increase the annual base salary of the Commissioners by twenty six thousand, one hundred and fifty seven dollars(\$20,411),
Representing a two percent (2%) Cost of Living Adjustment and a 20.81% market adjustment.

Option 3: Adjust the salary of the elected officials by some other amount.

Option 4: Do not approve the motion and do not adjust the elected officials' compensation.

IV. RECOMMENDATION

The Elected Officials Compensation Board prefers Option 1 or Option 2 and recommends that the Budget Committee forwards one of those options to the Board of Commissioners for consideration. The EOCB feels that either Option 1 or Option 2 would achieve the goal of fair and competitive rates or compensation for Lane County Elected Officials.

V. TIMING/IMPLEMENTATION

Staff will prepare the Budget Committee's recommendations for consideration by the Lane County Board of Commissioners to be presented at a future date. After consideration and decision by the Board of Commissioners, any approved adjustments would become effective at the date approved by the Board of Commissioners.

VI. FOLLOW-UP

The recommendation of the Budget Committee will be presented to the Board of County Commissioners for consideration and action.

Re: 2023 Elected Officials Compensation Schedule Recommendations

The Elected Officials Compensation Board met four times between January 2023 and May 2023, and reviewed the compensation of Lane County’s elected officials, as well as the compensation of persons comparably employed at other counties. The Elected Officials Compensation Board recommends an adjustment of the compensation of Lane County’s elected officials in order to ensure compensation is at a rate that is fair and competitive. Either of the following two options for adjustments would achieve that goal.

Recommended Salary Schedules

Option 1:

Position	Salary	Effective
Assessor	\$144,241	July 2023
District Attorney	\$63,861* (\$209,937 w/ state contribution)	July 2023
Justice of the Peace	\$59,016** (\$118,032 at 1 FTE)	July 2023
Sheriff	\$174,282	July 2023
Commissioners	\$114,026	January 2025

*The State contributes a little over \$146,000 towards compensation for District Attorney’s across the state. The amount listed represents Lane County’s contribution.

**The Justice of the Peace is a half-time position (0.5 FTE).

Option 2:

Position	Salary	Effective
Assessor	\$143,720	July 2023
District Attorney	\$62,746 (\$208,882 w/ state contribution)	July 2023
Justice of the Peace	\$59,016 (\$118,032 at 1 FTE)	July 2023
Sheriff	\$174,282	July 2023
Commissioners	\$108,280	January 2025

Option Details:

Option 1: 2% COLA, Match to Market Average

This option provides a 2% COLA to all elected officials, the same as the COLA provided to all other Lane County Employees. It provides an additional market adjustment for the County Assessor, the District Attorney, and the County Commissioners to align their total compensation with the average total compensation of our market comparators.

Position	Current Salary	% difference from comparator total comp	Adjustment Amount	COLA %	Market Adjustment %	New Salary	Effective Date	New % difference from comparator total comp
Assessor	\$133,648	-7.6%	\$10,593	2%	5.81%	\$144,241	7/8/2023	0%
District Attorney	\$61,516	-3.4%	\$2,345	2%	1.78%	\$63,861	7/8/2023	0%
Justice of the Peace	\$57,859	2.7%	\$1,157	2%	0%	\$59,016	7/8/2023	4.7%
Sheriff	\$170,865	-0.7%	\$3,417	2%	0%	\$174,282	7/8/2023	0.8%
Commissioners	\$87,869	-27.6%	\$26,157	2%	27.22%	\$114,026	1/4/2025	0%

Option 2: 2% COLA, Bring to 5% of Market Average, Address Salary Compression

This option provides a 2% COLA to all elected officials, adjusts the County Assessor position to address salary compression with a direct report (when the direct report is making more or almost as much as the supervisor), and ensures that all positions are within 5% of the average total compensation for market comparators. Lane County has historically considered compensation that is within +/- 5% of the average of market comparators to be “highly competitive.”

Position	Current Salary	% difference from comparator total comp	Adjustment Amount	COLA %	Market or Compression Adjustment %	New Salary	Effective Date	New % difference from comparator total comp
Assessor	\$133,648	-7.6%	\$10,072	2%	5.43%	\$143,720	7/8/2023	-0.35%
District Attorney	\$61,516	-3.4%	\$1,115	2%	0%	\$62,746	7/8/2023	-1.6%
Justice of the Peace	\$57,859	2.7%	\$1,157	2%	0%	\$59,016	7/8/2023	4.7%
Sheriff	\$170,865	-0.7%	\$3,417	2%	0%	\$174,282	7/8/2023	0.8%
Commissioners	\$87,869	-27.6%	\$20,411	2%	20.81%	\$108,280	1/4/2025	-4.99%

Recommended Timing of Adjustments:

Under the Lane Charter, any adjustments to County Commissioner salaries cannot go into effect until the first odd-number year after the first general election after the increase is authorized. Any changes to County Commissioner compensation authorized between now and the November 2024 election could not go into effect until 2025. January 4, 2025 is the beginning of the first pay period in 2025.

The above listed timing criteria does not apply to the other elected officials. Adjustments can be made at a time approved by the Board of County Commissioners. The Elected Officials Compensation Board recommends the first pay period of the new fiscal year, which is July 8, 2023.

Methodology and changes in Methodology:

ORS 204.112(3) states:

“The county compensation board shall annually review the compensation paid to persons comparably employed by the State of Oregon, local public bodies and private businesses within a labor market deemed appropriate by the board for each elective officer. The county compensation board shall take into account such factors as the number of employees supervised and the size of the budget administered by each elective officer, the duties and responsibilities of each elective officer, and the compensation paid to subordinates and other appointed employees who serve in positions of comparable management responsibility.”

As has been done in past years and is the standard practice with other positions within the County, the elected officials’ compensation was reviewed against that of comparable positions in Clackamas, Deschutes, Jackson, Marion, and Washington Counties. A total compensation methodology was used, which compared not just the base wages, but also the value of health insurance contributions, retirement contributions, and other benefits that are not part of the base wages. Unlike in past years, the value of paid leave and holidays was not included in the total compensation review. The different counties have different methodologies for providing paid leave for elected officials, which preclude an apples-to-apples comparison. After discussion, the Elected Officials Compensation Board determined that including the paid leave functionally inflated the total compensation for two counties and should be excluded from the analysis.

The Elected Officials Compensation Board also compared the elected officials’ compensation to their direct reports to ensure that elected officials were not experiencing salary compression (when a supervisor’s salary range is lower or only slightly higher than that of their direct report(s)).

Results and Recommendations:

For the District Attorney, Justice of the Peace, and Sheriff, there were no concerns about salary compression when reviewing direct reports, and total compensation was within 5% of the average of the comparators. The Elected Officials Compensation Board recommends a 2% COLA for all three of these positions, in line with the COLAs provided in recent years for other Lane County staff. Option One includes a small additional market adjustment for the District Attorney to bring compensation for that position in line with the comparator average. After the COLA, the Sheriff and Justice of the Peace’s compensation would be in line with or slightly above the comparator average. Option 2 provides the 2% COLA with no additional market adjustments for these three positions.

The Assessor's total compensation was more than 5% below the average of the comparators, and in addition is experiencing salary compression, where the salary is only slightly higher than that of positions that report to the Assessor. Option 1 provides a 2% COLA and an additional market adjustment to align the Assessor's compensation with the comparator average; this adjustment would also address the compression concern. Option 2 provides the 2% COLA and an additional adjustment to the Assessor's compensation to address the compression concern.

The County Commissioners' compensation is significantly below that of the comparator average. The Elected Officials Compensation Board remains very concerned about the sizable and growing gap between the County Commissioners' compensation and the market averages. Option 1 provides the same 2% COLA as provided to the other elected officials and Lane County staff, and also provides a market adjustment to align the County Commission compensation with the comparator average. Option 2 provides the 2% COLA and a market adjustment that would place the County Commissioners' compensation 5% below the comparator average. As per the Lane Charter, this adjustment would not take effect until 2025.

The Lane County Elected Officials Compensation Board approved by unanimous vote these recommendations, and respectfully submits these recommendations for the compensation schedule for Lane County Elected Officials to the Budget Committee and the Board of County Commissioners.

ELECTED OFFICIALS COMPENSATION HISTORY

(2013 through 2022)

2013/2014:

In 2014 recommendations from the Elected Officials Compensation Board were not forwarded to the Board of County Commissioners for consideration.

2015/2016:

Oregon Revised Statute (ORS) 204.112(4) requires that a sheriff's "salary" shall not be less than that of any other member of the Sheriff's Office. The salary for the position of chief deputy includes six percent certification pay, which was higher than the Sheriff's annual salary; therefore, effective May 1, 2015 the salary for the Sheriff was increased to comply with ORS 204.112(4).

On June 14, 2016, the Lane County EOCB convened and after consideration recommended annual base salary increases for the Commissioners, the Justice of the Peace and the Sheriff effective January 1, 2017. These increases were recommended based on a total compensation methodology using specified county comparators.

On September 23, 2016, the Lane County Budget Committee reviewed the recommendations of the EOCB and approved forwarding of the Year 1 recommendation (increase effective January 1, 2017) to the Board of Commissioners for consideration, and the Year 2 recommendation with a slight change as detailed in the presentation to the Board of Commissioners on October 11, 2016.

On October 11, 2016, the Board of Commissioners considered the recommendations of the Lane County EOCB and the Lane County Budget Committee and approved an increase to the annual base salary for the Commissioners of \$10,159.52, Justice of the Peace of \$21,136.03 and Sheriff of \$4,680.08, effective January 1, 2017 (Order No. 16-10-11-12).

Also on October 11, 2016, the Board of Commissioners ordered Human Resources to conduct in the fall of 2017 a comparator county market survey for the elected official positions of Assessor, District Attorney, Justice of the Peace and Sheriff using a total compensation methodology and to recommend increases to the Board of Commissioners only if the position's total compensation, with insurance, falls below the average total compensation amount using specified county comparators.

2017/2018:

On April 10, 2018 the Board of Commissioners considered the recommendations of Lane County Human Resources and ordered an increase to the annual base salary for the Justice of the Peace of \$68.06 and Sheriff of \$2,395.47 effective the first full pay period following January 1, 2018 (Order No. 18-04-10-03).

On September 17, 2018, the Lane County Budget Committee reviewed the recommendations of the Elected Officials Compensation Board and approved forwarding the Year 1 and Year 2 recommendations for the District Attorney, Assessor, Sheriff and Justice of the Peace to the Board of Commissioners for consideration. For the Commissioner positions, the Lane County Budget Committee rejected the recommendations and developed their own recommendations of a 3% market adjustment to base annual salary plus a 2% COLA for both Year 1 and Year 2.
