Who is an employer of a personal support worker?

An employer is a person who is responsible to manage the services a personal support worker (PSW) provides. You may also hear this referred to as an employer of record or a common law employer.

An employer can be the person a PSW helps or someone who has been given the authority to be the employer by the individual or the individual's guardian. The parent of a child receiving services can be an employer. The following people cannot be an employer:

- Any paid provider who works with the individual receiving services;
- Staff member of the CDDP, brokerage, CIIS program, Child Welfare; or
- Anyone who was removed as an employer in the past and has not been reinstated, has certain criminal charges or has ever been substantiated for fraud or abuse.

What does an employer do?

An employer has several responsibilities. These include:

1. Completing all required paperwork to be an employer;
2. Finding, interviewing and hiring a qualified personal support worker (PSW), preferably from the Oregon Home Care Commission's Registry;
3. Creating a work schedule for the PSW;
4. Working with a services coordinator or personal agent to create an ODDS Provider Service Agreement (DHS 4606) that the PSW must sign (This information can also be used to write a job description for the PSW to follow. A training consultant can help with this.);
5. Telling the PSW what tasks to do, when they need to happen and how to do them;
6. Checking to make sure the tasks were done before the PSW leaves for the day;
7. Letting the PSW know if you are not happy about how a task was done and giving ideas on how to do it better;
8. Keeping track of when and how many hours the PSW works;
9. Signing the PSW's timesheet after making sure it is correct;

What does an employer do? (continued)

10. Giving the PSW feedback about his or her job performance, attendance, and whether he or she is meeting your expectations;
11. Arranging for a backup PSW if the worker is sick or is taking time off;
12. Letting the PSW go if you are not happy for any reason, such as job performance or attendance;

Employers who need help with some of these tasks can identify a proxy. A proxy is someone who agrees to help with specific employer tasks while leaving the person being supported in the employer role.

How does someone become an employer?

- The first step in becoming an employer is to talk to the services coordinator or personal agent.
- The next step is filling out important paperwork that Public Partnerships, LLC will send you.
 - » Your employer packet will include a checklist, cover page and required forms.
 - » You must fill them out completely and correctly. Most of the forms will come pre-filled with your information.
 - » If you don't understand the paperwork, contact **PPL's customer service center at 1-888-419-7705**. You can also ask your services coordinator, personal agent or someone you trust to help you. You can ask someone you trust to be the employer on your behalf.

What does Public Partnerships, Limited do?

PPL provides financial management agent services (FMAS) by helping you pay your employees and withhold and report taxes on your behalf. PPL will send your employees' paychecks to them.

- You must review and sign the following forms that PPL will send you or you can download them here:
 - » **Application for Employer Identification Number** (IRS form SS-4).
 - » **Employer/Payer Appointment of Agent** (IRS form 2678). The Internal Revenue Service needs this form.
 - » **Tax Information Authorization and Power of Attorney for Representation** (form 150-800-005). PPL will send this to the Oregon Department of Revenue on your behalf.
 - » **Responsible Party Form** (if someone will be helping you).

If something is not correct, please let PPL know and you will receive a corrected packet of information.

- Once you hire a personal support worker, your worker will have a packet of enrollment forms to fill out. You will need to have your employee fill out and sign the following forms from your information packet:
 - » **W-4 Employee's Withholding Allowance Certificate**
 - » **I-9 Employment Eligibility Verification form** to confirm he or she can legally work in the United States. You must view his or her actual, unexpired documents (not photocopies or pictures) and sign the form saying you did.
- You will receive an automated call from PPL telling you that you filled out everything correctly or you need to correct or add something.
