

SENIOR PARK MAINTENANCE

DEFINITION

Performs skilled and semi-skilled construction work and operates complex equipment in the maintenance of park grounds and repair of park structures and facilities.

CLASS CHARACTERISTICS

This is the advanced journey level class in the Park Maintenance series. Positions at this level are distinguished from other classes within the series by the level of responsibility assumed and the complexity of duties assigned. Employees perform the most difficult and responsible types of duties assigned including the operation of complex or heavy equipment and the performance of skilled work. Employees at this level are required to be fully trained in all procedures related to assigned area of responsibility.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Park Superintendent and/or Park Lead Worker.

May exercise technical and functional supervision over other Park Maintenance personnel.

EXAMPLES OF DUTIES - Duties may include, but are not limited to the following:

Performs skilled and semi-skilled carpentry work in maintaining, repairing, renovating and new construction on all buildings in parks. This work may include layout, framing, finish and trim work, installation of doors, windows, railings, vinyl floorings, and all types of roofing material.

Maintains, repairs, replaces and installs all types of plumbing, which includes working with copper, iron, and plastic materials.

Installs, maintains and repairs concrete floors and walls, cement block and brick walls, tile walls and counters.

Maintains all painted surfaces using all types of oil and water base paints, hi-temp enamels, stains, epoxy fillers and thinners.

Prepares planting areas and plants trees, shrubs and other plant materials; performs tree surgery and prunes trees and shrubs; fertilizes and mulches plant materials; removes hazardous or dead trees; applies pesticides in accordance with IPM principles.

LANE COUNTY
