

healthy brain development

key impacts & interventions

So we had a brain conference...now what?

A follow-up meeting for providers, educators & policymakers
in Lane County to discuss:

- What did we learn at the Healthy Brain Development Conference which has relevance to our work and to the health of children and families in Lane County?
- What are some possible strategies which make sense for Lane County?
- What does the public need to know and how can we communicate those messages?
- What policies and processes do we need in place to make a difference?
