AGENDA DATE: June 30, 2004
TO: Board of County Commissioners
DEPT: Health & Human Services
PRESENTED BY: Lynise Wagar, Administrative Supervisor
AGENDA ITEM TITLE: IN THE MATTER OF AMENDING CHAPTER 60 OF LANE MANUAL TO REVISE CERTAIN HEALTH AND HUMAN SERVICES FEES (LM 60.840) EFFECTIVE JULY 1, 2004

I. MOTION

To Amend Chapter 60 of Lane Manual to Revise Certain Health and Human Services Fees (LM 60.840) Effective July 1, 2004

II. ISSUE OR PROBLEM

The last annual fee schedule revision for the Department of Health and Human Services was completed in June 2003. In the 2004 revision, fees have been added or increased to reflect current service and supply costs and to maximize revenue collection; fees have been deleted for services and supplies no longer provided; and language and organizational changes have been made to update terminology and accurately list the services and supplies provided by this department.

III. DISCUSSION

A. Background/Analysis

Since the last annual fee revision, the Department of Health & Human Services has made one interim revision. This revision was completed February 2004 to establish a fee schedule for the community health center. The fees added in the interim revision are not being changed with this request.

Generally, fees charged and collected by this department are determined by a different jurisdiction or other outside factors. In some case, fees are set by state statute or administrative rule. Fees are also set by the Oregon Health Plan reimbursement schedule, federally supported sliding-fees scales, and state required reductions and waivers. The department complies with required outside fee determinants; and, at the same time, strives to maximize revenue collections from fees while attempting to minimize barriers and encourage utilization of services.

Health and Human Services staff have conducted a full review of fees. Staff proposed

that some fees should be increased to match the cost of providing the services and to maximize reimbursements from the state and other sources, add or delete fees to reflect the services currently provided, and a change in process for services that include outside lab testing. Staff also proposed that Environmental Health fees be updated to comply with Division 12 rules (Consultation Services Remittance, section 333-012-0057 paragraph (i)), which states, "All assessments [by the State] may not be represented as a surcharge or added charge".

The finance and Audit Committee reviewed the proposed fee schedule on June 22, 2004.

B. Analysis

Public Health – Clinic Services

Last year, Public Health fee changes were primarily a reorganization to clearly show the different program areas and each service offered within those areas. This year additional changes are requested to further clarify the services with only a minimal increase of selected fees.

In an effort to collect the full cost of providing services and to keep the process simple and efficient, Public Health is requesting to change some of their flat fees to a fee that is comprised of an "administrative cost" plus either the "lab cost" or "acquisition cost". This change is necessary to simplify the fees within the county and to follow the states' lead in changing fees to either an "actual cost" or "acquisition cost", which in turn enables us to recoup the cost of providing services through billing.

Public Health has been moving toward having the labs bill on behalf of the clients who have Oregon Health Plan (OHP) or private insurance directly instead of billing Public Health. The next step of this transition is to have the clients (except FPEP and Title X) pay the lab directly. Public Health proposes to have the clients pay a smaller flat administrative fee and pay the lab directly for any lab costs. The benefits of this change are a simpler process and better insurance reimbursement to cover lab costs.

The state has provided guidelines to calculate the "acquisition cost" of a supply, which can be billed and will be reimbursed by the state. The "acquisition cost" is calculated using a formula that captures the following: cost of supply, handling, storage, and dispensing costs associated with the supply.

Public Health requests to change the language of the fees from "supply cost" to "acquisition cost" to better describe the fee and to enable Public Health the ability to collect closer to the full cost of providing services.

The table below includes the one new fee requested and the other changes in fees. All other changes are language changes or deletions of duplicate or unnecessary fees.

Fee Changes

Name	Original Fee	Amount
Administration of Contraceptive Injectables	\$10.00	\$12.00
Administration of Vaccine/Medications	\$10.00	\$12.00
Chlamydia Test	\$10.00	Lab cost plus \$10.00 specimen collection fee
Chlamydia/Gonococcal Test (private lab, non-deferrable)	\$24.00	Lab cost plus \$10.00 specimen fee
Condom (all types)	\$1.00	Acquisition cost
Contraceptive Foams/Jellies/Creams	\$6.00	Acquisition cost
Hepatic Function Study	\$15.00	Lab cost plus \$10 specimen collection fee
HIV Expedited Testing	\$55.00	Lab cost plus \$10 specimen collection fee
Nystatin Cream	\$4.00 plus office visit	Acquisition cost plus office visit
Other Medications	Acquisition cost plus \$10 admin fee	Acquisition cost plus office visit
Pregnancy Test Serum (non-deferrable)	\$26.00	Lab cost plus \$10.00 specimen collection fee
Sexually Transmitted Disease, lab test-urine (non-deferrable)	\$24.00	Lab cost plus \$10 specimen collection fee
Transdermal Patch	New Fee	Acquisition cost plus office visit
Tuberculin Skin Test	\$10.00	\$12.00
Vaginal Yeast Cream	\$10.00	Acquisition cost plus office visit

Public Health – Environmental Health

Environmental Health currently charges a state imposed surcharge in addition to the fee(s) listed in the Lane Manual. In order to comply with January 1, 2004, Division 12 rules, section 333-012-0057 (Consultation Services Remittance) paragraph (i), surcharges must not be listed separately or as an added charge. Environmental Health must update the Lane Manual to remove the language that states there is a surcharge levied as specified by the Oregon Revised Statutes. The state surcharge amount has been added to the fees listed in the Lane Manual. This is not a fee increase to the public. These changes are housekeeping and do not translate into a change in fees charged to the public.

Within the Lane Manual, RV Parks and Motels inspection fees were included under the same category, "Tourist and Travelers – Permanent". A change is requested to separate out the RV Park inspection fees from Motel inspection fees.

Mental Health

Requesting to remove the \$80/day Enhanced Care Facility Fee, as this fee has been replaced by a state set daily rate/per diem fee.

C. Alternative/Options

1. To approve the proposed fee adjustment and appropriate increased fees in the next supplemental as needed.
2. To not approve the proposed adjustment in fees. To do so would, in some cases, limit the ability of programs to generate revenue to cover increased costs, and would also limit the flexibility of programs charging client fees which most closely match the level of service provided.

D. Recommendation

It is recommended the Board amend Lane Manual to revise the Health and Human Services fee schedule.

E. Timing

Fees would become effective July 1, 2004. Budget adjustments for FY 2004/2005 would be processed during the first supplemental process in FY 2004/2005.

60.840 Department of Health and Human Services Fees.

In order to ensure the efficiency of human services in Lane County, the Department of Health and Human Services is authorized to collect fees for services.

When the fee is listed at actual cost or acquisition cost, this is to mean the actual cost of purchasing the service or product, rounded to the nearest dollar.

The Department Director, or designated program managers within the Department have authority to waive any fee in part or in whole for good cause shown or in circumstances where it is apparent that the client could not accept the services if a fee was required. Written documentation on these extenuating circumstances are to be kept on file. Fiscal records should reflect charges as per fee schedule, with balances shown for bad debts and for fees waived. Those fees for which a sliding fee scale is appropriate, will

be discounted according to the annual Service Discount Schedule approved by the United States Department of Health and Human Services, Region X.

Pursuant to the authorization of ORS 431.415 and the authority of the Lane County Home Rule Charter, the following fees shall be charged by the Department of Health and Human Services and paid to Lane County for the following services. Any fee that is designated "Actual," or "Acquisition Cost" will be set at the beginning of each fiscal year, or as directed by the state. Lane County collects additional fees, which are not listed, for services to clients billed directly to various state agencies. These fees are set by the state agency and are not charged directly to clients. Examples of such fees are: Family Planning Expansion Project and Mental Health Residential daily rate.

(1) General Fees.

Professional Services

Contracted Professional Services will be provided at cost as specified by the contract. Services shall include, but not be limited to polygraph, plethysmograph and psychiatric testing.

Public Speaking

Record Search

Search plus copies of first 5 pages..... \$ 3.50

Additional pages..... \$.25/each

Research Fees

In accordance with the provisions of LM 60.838 requests for information which, in the judgment of the Department Director or designee, require research by professional or specialized staff, the actual salary hourly rate of the researcher(s) times 2.42 shall be charged. Charges will be computed on quarter hours. The requestor will be advised, prior to research, of the estimated cost.

(2) Communicable Disease Fees. The Communicable Disease Program promotes the health of the community through communicable disease investigation, prevention, and education, and is a core function of Public Health. Fees for service are based on costs and are designed to minimize barriers and encourage utilization of services. Clients are not refused service due to inability to pay.

(10) Community Health Centers (FQHC).

Community Health Centers provide access to primary and preventive healthcare services for medically uninsured, underserved and homeless populations in Lane County, in accordance with federal requirements under Section 330 of the Public Health Service Act. The Community Health Center has a Board approved fee schedule for all billable services. The fee schedule is established and implemented to ensure that all patients receive fair and equitable treatment for any and all services provided by the Community Health Center. The fee schedule approximates reimbursable costs for those services and is comparable to prevailing local rates. The billing for third party coverage, i.e. Medicare, Medicaid, private insurance carriers, etc., is set at the usual and customary full charge.

Patients with restricted, limited, or no third-party insurance coverage will be expected to provide appropriate information for a determination of eligibility in order to receive a sliding fee discount. Based on proof of income presented and/or social verification recorded, patients will be informed of eligibility for a sliding fee discount from the usual and customary full charge. All patients are eligible to apply for the sliding fee discount. Eligibility is based on total family size and family income using current Federal Poverty Guidelines. Eligible patients will have their covered charges discounted based on the sliding fee schedule. Patients will be required to pay a nominal or minimum fee even if they fall below 100% of the Federal Poverty Level. Patients below 100% of the federal poverty level pay a minimum fee and those between 100% and 200% of the federal poverty level pay a discounted sliding fee. The minimum fee and discounted sliding fee schedule is reviewed, revised as necessary, and approved on an annual basis by the Board of County Commissioners.

Community Health Centers ("sliding") Fee Discount Scale
Based on Family Size and Income

<100% FPL	-	minimum fee medical \$20, dental \$35
100-125% FPL	-	20% of the cost/charge of the service
125-150% FPL	-	40% of the cost/charge of the service
150-175% FPL	-	60% of the cost/charge of the service
175-200% FPL	-	80% of the cost/charge of the service
>200% FPL	-	100% of the cost/charge of the service

No patient will be denied access to services simply due to an inability to pay for services. However patients "unwilling-to-pay," may be denied services. Willingness to pay is defined as taking appropriate steps to ensure payment for services rendered. Patients will be expected to comply with the efforts of registration staff members to ascertain the existence of any third-party insurance coverage a patient may possess, or otherwise appropriately document said patient's inability to pay for services.

60.840 Department of Health and Human Services Fees.

In order to ensure the efficiency of human services in Lane County, the Department of Health and Human Services is authorized to collect fees for services.

When the fee is listed at actual cost or acquisition cost, this is to mean the actual cost of purchasing the service or product, rounded to the nearest dollar.

The Department Director, or designated program managers within the Department have authority to waive any fee in part or in whole for good cause shown or in circumstances where it is apparent that the client could not accept the services if a fee was required. Written documentation on these extenuating circumstances are to be kept on file. Fiscal records should reflect charges as per fee schedule, with balances shown for bad debts and for fees waived. Those fees for which a sliding fee scale is appropriate, will be discounted according to the annual Service Discount Schedule approved by the United States Department of Health and Human Services, Region X.

Pursuant to the authorization of ORS 431.415 and the authority of the Lane County Home Rule Charter, the following fees shall be charged by the Department of Health and Human Services and paid to Lane County for the following services. Any fee that is designated "Actual," or "Acquisition Cost," or "~~Supply Cost~~" will be set at the beginning of each fiscal year, or as directed by the state. Lane County collects additional fees, which are not listed, for services to clients billed directly to various state agencies. These fees are set by the state agency and are not charged directly to clients. Examples of such fees are: Family Planning Expansion Project and Mental Health Residential daily rate.

(1) General Fees.

(10) Community Health Centers (FQHC). Community Health Centers provide access to primary and preventive healthcare services for medically uninsured, underserved and homeless populations in Lane County, in accordance with federal requirements under Section 330 of the Public Health Service Act. The Community Health Center has a Board approved fee schedule for all billable services. The fee schedule is established and implemented to ensure that all patients receive fair and equitable treatment for any and all services provided by the Community Health Center. The fee schedule approximates reimbursable costs for those services and is comparable to prevailing local rates. The billing for third party coverage, i.e. Medicare, Medicaid, private insurance carriers, etc., is set at the usual and customary full charge.

Patients with restricted, limited, or no third-party insurance coverage will be expected to provide appropriate information for a determination of eligibility in order to receive a sliding fee discount. Based on proof of income presented and/or social verification recorded, patients will be informed of eligibility for a sliding fee discount from the usual and customary full charge. All patients are eligible to apply for the sliding fee discount. Eligibility is based on total family size and family income using current Federal Poverty Guidelines. Eligible patients will have their covered charges discounted based on the sliding fee schedule. Patients will be required to pay a nominal or minimum fee even if they fall below 100% of the Federal Poverty Level. Patients below 100% of the federal poverty level pay a minimum fee and those between 100% and 200% of the federal poverty level pay a discounted sliding fee. The minimum fee and discounted sliding fee schedule is reviewed, revised as necessary, and approved on an annual basis by the Board of County Commissioners.

Community Health Centers (“sliding”) Fee Discount Scale
 Based on Family Size and Income

<100% FPL	-	minimum fee medical \$20, dental \$35
100-125% FPL	-	20% of the cost/charge of the service
125-150% FPL	-	40% of the cost/charge of the service
150-175% FPL	-	60% of the cost/charge of the service
175-200% FPL	-	80% of the cost/charge of the service
>200% FPL	-	100% of the cost/charge of the service

No patient will be denied access to services simply due to an inability to pay for services. However patients “unwilling-to-pay,” may be denied services. Willingness to pay is defined as taking appropriate steps to ensure payment for services rendered. Patients will be expected to comply with the efforts of registration staff members to ascertain the existence of any third-party insurance coverage a patient may possess, or otherwise appropriately document said patient’s inability to pay for services.

60.842 Fees for Real Property Compensation Claim Application.

Pursuant to Lane County Charter, Chapter II, Section 5, and LC 2.700 through 2.070, a fee is established to partially cover County costs of processing an application filed to seek compensation under the procedures in LC 2.700 through 2.770. Unless waived by the County Administrator, an application for a claim of compensation from Lane County pursuant to Article I, Section 18(a) through (f) of the Oregon Constitution and LC 2.700 through 2.770 shall include an application fee of \$850.00 for the costs incurred by the County in processing the application. In addition, the applicant shall pay to the county \$100.00 for notice costs as required by the County Administrator. The County shall refund the application fee and costs paid by the applicant if it is determined by the County or by a court or other reviewing body that the applicant is entitled to compensation under Article I, Section 18(a) through (f) of the Oregon Constitution.
