**DATE:** May 19<sup>th</sup>, 2004  
**TO:** Lane County Board of Commissioners  
**DEPARTMENT:** Public Works  
**PRESENTED BY:** Pete Chism, Waste Reduction Specialist  
Waste Management Division

**AGENDA ITEM TITLE: IN THE MATTER OF AMENDING CHAPTER 60 OF THE LANE MANUAL TO ADD ELECTRONIC EQUIPMENT RECYCLING FEE PROVISIONS (LM 60.875), EFFECTIVE JULY 1, 2004.**

---

### I. MOTION

**MOVE APPROVAL OF AMENDING CHAPTER 60 OF THE LANE MANUAL TO ADD ELECTRONIC EQUIPMENT RECYCLING FEE PROVISIONS (LM 60.875), EFFECTIVE JULY 1, 2004.**

### II. ISSUE OR PROBLEM

**Toxicity.** Televisions and computer monitors contain picture tubes called cathode ray tubes (CRTs). CRTs contain on average 5 - 10 pounds of lead. Mercury, cadmium and a number of other persistent toxic compounds also exist in electronic devices. Harmless while intact, the lead in the screens may contaminate soil and groundwater supplies if the screens are crushed in a landfill. According to the Environmental Protection Agency (EPA), electronics can present an environmental hazard if they are disposed of improperly.

**Technology Growth.** The rapid development of technology in the last 15 years has produced a wide array of electronic devices. Computers, televisions, VCRs, stereos, cell phones, palm pilots, laptop computers and pagers are becoming a large percentage of the waste stream. In Lane County, an estimated 11,000 tons of electronic devices await some disposal action.

**Technology Changes.** Recycling opportunities for televisions and monitors are limited, and many end up within the municipal solid waste stream. This number may increase dramatically over the next few years. The Federal Communications Commission (FCC) has established an accelerated schedule for the national introduction of digital television (DTV). The broadcast television industry is required to convert from analog to digital transmission by 2006. This conversion will cause a dramatic increase in the number of discarded televisions in the waste stream.

**Hazardous Waste Exporting.** When electronics are exported to a country with little or no environmental regulations prior to dismantling, the frequency of dumping hazardous materials into the environment

dramatically increases. The process of dismantling some of the electronic materials has been targeted by the DEQ as a source of environmental degradation. Lane County Waste Management requests that all dismantling of electronic devices occur in the United States, where there are more stringent environmental rules.

**User Fees.** Electronic equipment consists of multiple materials that need to be dismantled and sorted before they can be marketed for recycling. Due to the high cost of recycling electronic equipment, Lane County Waste Management proposes to set user fees for selected electronic devices that are the most expensive. The fees are calculated to cover the cost of the program.

Estimated Expenses for electronics recycling program:

Outside contractor for electronic recycling services -	\$217,880.70.
Lane County personnel, including:	
.25 FTE Special Waste Technician	\$ 12,750.00
.25 FTE Fee Collector	\$ 9,000.00
<u>.25 FTE General Laborer</u>	<u>\$ 5,080.40</u>
Total Lane County labor	\$ 26,830.40
Total cost of the electronics recycling program -	\$244,711.10

### **III. DISCUSSION**

#### **A. Background**

On March 9<sup>th</sup>, 2004, the Waste Management Division gave a presentation to the Lane County Finance and Audit Committee on the proposed permanent recycling collection program for electronic devices at the Glenwood Central Receiving Station. By a vote of 2 to 1, the Finance and Audit Committee recommended the proposal go to the Board of Commissioners for further approval.

On March 31<sup>st</sup>, the Waste Management Division gave a presentation to the Lane County Board of Commissioners on the preparation of fees associated with a proposed electronic recycling service at the Glenwood Central Receiving Station. By a vote of 4 to 1, the Board recommended the Waste Management Division prepare a fee structure based on the cost proposed by the selected contractor.

On April 6<sup>th</sup>, a request for proposal was released to the public. Twenty-two proposals were sent out to electronic recyclers and five were submitted.

On April 26<sup>th</sup>, the Waste Management Division recommended the selection of a contractor for contract WM 04/05-01, Electronics Recycling Services at the Glenwood Central Receiving Station, Earth Protection Services Inc.

## **B. Analysis**

The recent presentation given to the Board on the 31<sup>st</sup> of March included a proposal for fees that shall not exceed the following chart:

### **Estimated fees on March 31<sup>st</sup>, 2004**

<b>Device</b>	<b>Fee</b>	<b>Est. Units</b>	<b>Revenue</b>
Television sets			
Less than 10" screen	\$10	200	\$ 2,000
10" – 20" screen	\$15	5,000	\$75,000
20" – 30" screen	\$20	2,000	\$40,000
Consoles & TVs greater than 30"	\$25	500	\$12,500
Computers (CPUs)	\$ 5	11,571	\$57,855
Laptops	\$10	500	\$ 5,000
Computer Monitors			
Less than 14" screen	\$10	11,571	\$86,790
Greater than 14" screen	\$15	11,571	\$43,380
Copy Machines	\$50	25	\$ 1,250
Total			\$323,775

After reviewing the RFPs for Electronics Recycling Services at the Glenwood Central Receiving Station, the Waste Management Division adjusted the calculations for fees, based on the realized cost of the outside contractor. The following chart represents the proposed fees for the electronic recycling service:

### **Actual recommended fees proposed for Electronic Recycling Services**

<b>Device</b>	<b>Fee</b>	<b>Est. Units</b>	<b>Revenue</b>
Television sets			
Less than 10" screen	\$ 5	200	\$ 1,000
11" – 20" screen	\$10	5,000	\$50,000
21" – 30" screen	\$15	2,000	\$30,000
Consoles & TVs greater than 30"	\$20	500	\$10,000
Computers (CPUs)	\$ 5	11,571	\$57,855
Laptops	\$ 5	500	\$ 2,500
Computer Monitors	\$ 8	11,571	\$92,568
Copy Machines	\$35	25	\$ 875
Total			\$244,798

## **C. Alternatives/Options**

The Board may approve or choose not to approve the amendment of the Lane Manual Chapter 60.875 (2,o) adding new fees for electronic recycling services.

## **D. Recommendation**

The Waste Management Division recommends approval of amending Lane Manual Chapter 60.875 (2,o) adding new fees for electronic recycling services effective on July 1<sup>st</sup>, 2004.

IN THE BOARD OF COUNTY COMMISSIONERS OF LANE COUNTY, OREGON

ORDER NO.

IN THE MATTER OF AMENDING CHAPTER 60 OF  
THE LANE MANUAL TO ADD ELECTRONIC  
EQUIPMENT RECYCLING FEE PROVISIONS  
(LM 60.875), EFFECTIVE JULY 1, 2004

The Board of County Commissioners of Lane County orders as follows:

Lane Manual Chapter 60 is hereby amended by removing, substituting and adding the following section:

**REMOVE THIS SECTION**

60.875

as located on pages 60-40 through 60-48  
(a total of 9 pages)

**INSERT THIS SECTION**

60.875

as located on pages 60-40 through 60-48  
(a total of 9 pages)

Said section is attached hereto and incorporated herein by reference. The purpose of this substitution and addition is to add electronic equipment recycling fee provisions (LM 60.875). The new fee provisions adopted by this Order shall become effective on July 1, 2004.

Adopted this \_\_\_\_\_ day of \_\_\_\_\_ 2004.

\_\_\_\_\_  
Chair, Lane County Board of Commissioners

APPROVED AS TO FORM

Date 5-5-2004 Lane County

  
OFFICE OF LEGAL COUNSEL

**60.865 Law Library Fees.**

(1) Circuit Court. Under the authority of ORS 21.350, the law library fee in each civil suit, action, or proceeding filed in the Circuit Court of Lane County shall be 33% of the filing fee provided by law rounded to the next full dollar.

(2) No such fee shall be charged in accordance with this section that exceeds 33% of the filing fee as provided by law. *(Revised by Order No. 97-10-29-5, Effective 10.29.97)*

**60.870 Records Search Fee.**

In accordance with the authority granted by ORS 192.440, a records search and inspection fee is hereby established for the purpose of reimbursing Lane County for its actual cost in making records available under ORS Chapter 192.

Per single request, search or examination,

employee lost time less than one hour..... -None-

Search or examination requiring an hour or more

of employee time. .... The hourly wage rate  
for the employee  
involved as determined  
by the Department  
Head.

*(Revised by Order 75-2-19-9, Effective 2.19.75)*

**60.875 Fees for Lane County Solid Waste Services.**

Pursuant to Lane County Charter, Chapter II, Section 5, and LC 9.005 through 9.070, this section establishes a rate schedule for disposal of solid waste at all Lane County solid waste facilities and a Solid Waste System Benefit Fee for countywide solid waste management services, assessed on all municipal solid waste generated inside Lane County. Except where otherwise clearly indicated, all individuals, firms, agencies or corporations whether Public or private, shall pay the total solid waste service fee at any of the County solid waste facilities which includes both the listed Disposal Fee and the System Benefit Fee assessed against any municipal solid waste which is generated inside Lane County. All individuals, firms, agencies or corporations whether Public or private, using solid waste disposal facilities other than Lane County facilities, shall pay to Lane County the System Benefit Fee assessed against any municipal solid waste which is generated inside Lane County. The solid waste service fees are established, as follows:

(1) User Fees for Residential, Commercial and Industrial Waste, Not Including Specific Wastes Listed in LM 60.875(2). At sites where Lane County provides scales for determining weight-based fees, the weight-based fee will be charged for all commercial and industrial wastes. Lane County retains sole authority to charge by weight or volume and to classify loads as commercial or residential.

	System Benefit Fee	Disposal Fee	Total Fee
(a) Up to 3 can maximum	\$ 5.48	\$ 8.52	\$ 14.00
(b) More than 3 cans to 3 cu. yd. maximum	\$ 10.17	\$ 15.83	\$ 26.00
(c) Loose waste over 3 cu.yd. <sup>1/2</sup>	\$ 35.20/ton \$ 3.91/cu.yd	\$ 54.80/ton \$ 6.09/cu.yd	\$ 90.00/ton \$ 10.00/cu.yd
(d) Compacted waste- volume based fee <sup>3</sup>	\$ 12.71/cu.yd	\$ 19.79/cu.yd	\$ 32.50/cu.yd

<sup>1</sup> Volume charge used at sites without scales or when existing scales are not functioning.

<sup>2</sup> Minimum weight-based fee \$7.00.

	System	Benefit Fee	Disposal Fee	Total Fee
(e) Compacted waste-weight-based fee <sup>4</sup>		\$ 35.98/ton	\$ 56.02/ton	\$ 92.00/ton

Except where Lane County has provided scales to determine fees based on weight of waste, minimum fees for compacted garbage collection vehicles and other enclosed vehicles shall be based upon rated cubic yard capacity regardless of the actual volume being hauled. Minimum fees for container vehicles of capacity greater than 3 cubic yards shall be based on the volume of the vehicle or container. Loads heaped above an open container will be charged based on the total estimated loose waste volume.

(2) User Fees for Specific Waste.

	System	Benefit Fee	Disposal Fee	Total Fee
(a) Demolition rubble, construction waste, land clearing debris		\$17.60/ton or \$ 2.74/cu.yd	\$27.40/ton or \$ 4.26 /cu.yd	\$ 45.00/ton or \$ 7.00/cu.yd
(b) Big concrete chunks, stumps, rock, dirt		\$17.60/ton or \$21.12/cu.yd	\$27.40/ton or \$32.88/cu.yd	\$ 45.00/ton or \$ 54.00/cu.yd
(c) Tires: <sup>5</sup>				
(i) Smaller than 17 inch rim diameter (tire only)		\$ 0.78 ea.	\$ 1.22 ea.	\$ 2.00 ea.
(ii) Smaller than 17 inch rim diameter (including wheel)		\$ 1.17 ea.	\$ 1.83 ea.	\$ 3.00 ea.
(iii) 17 inch through 24 inch rim diameter (tire only)		\$ 2.35 ea.	\$ 3.65 ea.	\$ 6.00 ea.
(iv) 17 inch through 24 inch rim diameter (including wheel)		\$ 3.91 ea.	\$ 6.09 ea.	\$ 10.00 ea.
(v) 24 inch through 30 inch rim diameter (tire only)		\$ 7.82 ea.	\$12.18 ea.	\$ 20.00 ea.

(vi) Fee for Tires Placed in Waste Stream. Double the current tire fee in LM 60.875(2)(c)(i)-(v) based on the size of the tire and whether the wheel is present, per tire, per occurrence. This fee shall be assessed to any customer who places, or causes to be placed, any tire or tires in the disposal area of any Lane County solid waste facility.

(d) Petroleum Contaminated Soil (PCS). Only PCS that meets Lane County standards for disposal will be accepted regardless of the material being treated as waste or used as cover material. A special waste permit is required before any material is delivered to Short Mountain Landfill.

	System	Benefit Fee	Disposal Fee	Total Fee
PCS that is accepted for disposal will be charged		\$17.60/ton or \$21.11/cu.yd	\$27.40/ton or \$32.89 /cu.yd	\$ 45.00/ton or \$ 54.00/cu.yd

PCS that is accepted for use as cover material will be charged the current Disposal Fee for loose waste, not including the System Benefit Charge. [See LM 60.875(1)(c).]

<sup>3</sup> See footnote #47.

<sup>4</sup> See footnote #48.

<sup>5</sup> Tires shall not be accepted from commercial sources. Up to ten tires per day may be accepted per individual load. Tires larger than 30 inches will not be accepted.

At the discretion of the Manager, or his or her authorized representative, PCS that is accepted for use as cover/fill material may be charged the current rate for cover/fill material. [See LM 60.875(2)(k).]

(e) Asbestos.

	System Benefit Fee	Disposal Fee	Total Fee
(i) Bulk		\$75.00/ton or \$20.00/cu.yd	\$75.00/ton or \$20.00/cu.yd (minimum charge \$20.00)
(f) Infectious Wastes, as defined in ORS 459.386		\$75.00/ton or \$12.00/cu.yd	\$75.00/ton or \$12.00/cu.yd (minimum charge \$12.00)

(g) Yard Debris and Wood Waste<sup>6</sup>

(i) Up to 3 cu.yd.	\$ 8.21/cu.yd.	\$12.79 /cu.yd.	\$21.00/cu.yd.
(ii) Over 3 cu.yd.	\$17.60/ton or \$ 3.13/cu.yd.	\$62.40/ton or \$ 4.87/cu.yd.	\$80.00/ton or \$ 8.00/cu.yd.

(h) Special wastes. A special waste is any waste material that, because of its origin, physical state or characteristics, would suggest that it may: be a hazardous waste, contain hazardous substances or wastes prohibited in municipal landfills, require additional management such as hazard review or special disposal conditions or precautions, carry potential liability to Lane County disposal sites or create unsafe or unhealthy conditions for Lane County employees or the public.

Examples of special wastes include, but are not limited to, clean-up materials from petroleum or chemical spills and or tank removals, industrial chemicals and by-products, liquids, dusts, sludges (liquid/solid mixtures), wastes in drums, tank trucks or vacuum trucks.

Prior to delivery for disposal a special waste application must be submitted to Lane County for each special waste. The special waste will be thoroughly investigated to determine that it is not considered to be a hazardous waste and that Lane County is authorized to accept it for disposal.

	System Benefit Fee	Disposal Fee	Total Fee
(i) Application review (non-refundable)			\$25.00
(ii) Application fee, renewal (non-refundable)			\$10.00
(iii) Disposal Fees			
Bulk	\$17.60/ton or \$10.56/cu.yd	\$27.40/ton or \$16.44/cu.yd	\$45.00/ton or \$27.00/cu.yd
Drummed	\$ 2.93 drum	\$ 4.57 drum	\$ 7.50 drum

Rates for other specific waste not included in the above list shall be temporarily determined by the Manager of the Waste Management Division as the need occurs until a permanent rate can be established in this section. Specific wastes may be limited to designated areas or sites. Specific waste fees shall not be subject to discounts under LM 60.875(7), (8) and (9) below.

<sup>6</sup> Only applies at sites where separate yard debris and wood waste collection is conducted.

(i) White goods. Except as otherwise provided herein, white goods (stoves, refrigerators and other large appliances), water heaters, metal tanks and similar large metal items shall not be accepted for disposal at County solid waste facilities. White goods and similar large metal items may be accepted for recycling at County sites where metals recycling facilities are provided, as follows:

	System			
	Benefit Fee	Disposal Fee	Total Fee	
(i) White goods containing refrigerants and/or electric motors (refrigerators, freezers, air conditioners, washers, dryers, dish washers, etc.)	\$ 5.87	\$ 9.13	\$ 15.00	
(ii) Other white goods and large metal items			No charge	

The Manager of the Waste Management Division may accept white goods or similar large metal items for disposal at County solid waste facilities only when he/she determines that it is unreasonable to require that the item be recycled. In such case, the appropriate fee based on LM 60.875(1), (2) or (3) shall be charged for disposal of the item.

(j) Post-MRF Residues. Material recovery facility (MRF) post MRF residue fees shall be set based on the level of recovery achieved by qualifying MRFs. These fees apply only to the residual waste (waste requiring disposal after reusable and/or recyclable materials have been separated) generated by a MRF permitted by the Oregon Department of Environmental Quality. In order for a MRF to qualify for the disposal rates set forth, it must be in compliance with all permits, including but not limited to the disposal site permit issued by the Department of Environmental Quality, land use permits, etc. Further, in order to be eligible, MRFs must have satisfied any requirements for the payment of civil penalties by permitting agencies after all available appeals have been exhausted.

The disposal fees apply only to residual wastes delivered directly to the Short Mountain Landfill. The tipping fee per ton for post-MRF waste will be determined by the MRF's level of recovery based on the schedule set forth below.

In order to qualify for the post-MRF rate, permitted MRFs must submit monthly reports to the Lane County Waste Management Division by the 15th day of each month for activity occurring in the previous month. "Monthly" shall be from the 26th day of one month to the 25th day of the following month so the recovery rates will match up with billing records. Forms to be provided by the Division will require the following information:

- (i) Tons of mixed waste received at the MRF – monthly total
- (ii) A summary of outgoing tons of residual waste, reusable material, inerts and tons of recovered materials and their destinations – monthly total
- (iii) Tons of source separated material received monthly.

Monthly MRF discounts and tipping fees shall be based on the average recovery rate established during the previous twelve months for MRFs in operation longer than one year – a rolling average calculated each month. MRFs which have been in operation for longer than six months, but less than twelve months, shall receive discounts and tipping fees based on the most recent six months of activity using a six month rolling average calculated each month until they have been in operation for a full twelve months. Once in operation a full twelve months, their discounts and tipping fees will be based on a twelve month rolling average calculated monthly. MRFs which are not in operation on September 26, 2001 will receive a discount equivalent to that

provided for a 23% recovery rate until such time as they are eligible for discounts and tipping fees based on a six month rolling average as described above. After review of the monthly report and approval by the Waste Management Division, the appropriate rate/discount will be applied to the current month's billing.

New MRFs must demonstrate to Lane County's satisfaction that they are making a good faith effort to accomplish reasonable recovery for the entire first year of operation. Failure to do so may be cause for Lane County to withhold discounts until such time as the MRF demonstrates an ability to accomplish meaningful recovery.

Authorized representatives of Lane County shall be permitted to inspect information from which all required reports are derived during normal working hours or at other reasonable times with 48 hours notice. Lane County's right to inspect shall include but not be limited to the right to review records, receipts, books, maps, plans and other like materials that are directly related to the facility's recovery rate calculation. Refusal by the MRF operator to allow inspection is grounds for loss of eligibility for the post-MRF disposal credit. Failure of the records to substantially balance, or to verify the level of recovery shown in the monthly report by the 26th of the month shall be cause for Lane County to assume a recovery rate equal to the minimum recovery rate then in effect on the schedule of rates. That recovery rate would also become part of the rolling average.

The data in the monthly report will be used to calculate the monthly level of recovery as follows:

Tons of Recovered Material

Tons of Material Disposed + Tons of Recovered Material

Where total tons recovered is the amount of materials sent to market for that month.

Depending on the level of recovery, Lane County will discount the base disposal rate of \$90 per ton at the Short Mountain Landfill and charge fees as follows:

	System Benefit Fee	Disposal Fee	Total Fee
15% recovery	\$35.20/ton \$10.56/cu.yd	\$54.80/ton \$16.44/cu.yd <sup>7</sup>	\$90.00/ton \$27.00/cu.yd <sup>7</sup>
16% recovery	\$35.20/ton \$10.56/cu.yd	\$49.80/ton \$14.94/cu.yd	\$85.00/ton \$25.50/cu.yd
17% recovery	\$35.20/ton \$10.56/cu.yd	\$44.80/ton \$13.44/cu.yd	\$80.00/ton \$24.00/cu.yd
18% recovery	\$35.20/ton \$10.56/cu.yd	\$39.80/ton \$11.94/cu.yd	\$75.00/ton \$22.50/cu.yd
19% recovery	\$35.20/ton \$10.56/cu.yd	\$34.80/ton \$10.44/cu.yd	\$70.00/ton \$21.00/cu.yd
20% recovery	\$35.20/ton \$10.56/cu.yd	\$29.80/ton \$8.94/cu.yd	\$65.00/ton \$19.50/cu.yd
21% recovery	\$35.20/ton \$10.56/cu.yd	\$24.80/ton \$7.44/cu.yd	\$60.00/ton \$18.00/cu.yd
22% recovery	\$35.20/ton \$10.56/cu.yd	\$19.80/ton \$5.94/cu.yd	\$55.00/ton \$16.50/cu.yd
23% recovery	\$35.20/ton \$10.56/cu.yd	\$14.80/ton \$4.44/cu.yd	\$50.00/ton \$15.00/cu.yd

<sup>7</sup> Volume charge only if scales are not functioning.

24% recovery	\$35.20/ton	\$9.80/ton	\$45.00/ton
	\$10.56/cu.yd	\$2.94/cu.yd	\$13.50/cu.yd
25% (or more) recovery	\$35.20/ton	\$4.80/ton	\$40.00/ton
	\$10.56/cu.yd	\$1.44/cu.yd	\$12.00/cu.yd

In the event of the catastrophic failure of a recycling market, MRF operators may petition the Lane County Waste Management Division for a decrease in the recycling recovery rate percentage necessary to achieve post-MRF discounts. The Manager of the Waste Management Division may decrease the recycling recovery rate percentage necessary for post-MRF discounts in the event MRF operators petition Lane County for a decrease due to catastrophic failure of a recycling market.

If unacceptable waste is found in a post-MRF load (i.e. tires, lead acid batteries, appliances) any per unit fees associated with tires, appliances or other unacceptable waste plus any processing fees shall be charged. If Lane County determines through its load inspections that a post-MRF load contains more than 5% putrescible waste, that load will be charged the standard non-MRF disposal fee.

Lane County reserves the right to visit and inspect MRF facilities during normal operating hours. Refusal of a MRF operator to allow such inspections will result in the loss of post-MRF discounts for the duration of such refusal.

Source separated recyclable material will not count toward the MRF's recovery rate. However, a MRF that accepts source separated recyclable material for processing or sorting may subtract 5% of the total tons of source separated recyclable material from the total tons disposed when calculating the facility's monthly recovery rate. Source separated recyclable material includes but is not limited to curbside residential and commercial recyclables that are collected commingled but separate from waste.

In order for a material to count toward a MRF's recovery rate, it must be used in the manufacture of a new product. However, materials that are diverted for fill, such as shaker fines, brick, concrete, etc., may be counted toward a MRF's recovery rate, but at only half their actual weight.

Because reuse is emphasized above recycling in the State of Oregon, a MRF may double the weight of items recovered for reuse and the doubled weight for reusable items will be applied to the calculation of the MRF's monthly recovery rate.

(k) Cover/Fill Material ..... \$10.00/ton

At the discretion of the Manager, or his or her authorized representative, materials may be accepted for use as cover/fill material at the Short Mountain Landfill depending upon the characteristics of the material and the need at the landfill. The materials may consist of, but are not limited to, soil, dirt, rock, wood wastes, PCS, or other non-putrescibles.

(l) Propane Tanks      Up to 10 gallons in capacity ..... \$ 4.00 each  
                                  Over 10 gallons up to 15 gallons ..... \$10.00 each  
                                  Over 15 gallons up to 25 gallons ..... \$25.00 each

This fee applies only to refillable propane tanks, not over 25 gallons in capacity. Refillable propane tanks shall be separated from other wastes and recyclables and will be accepted for recycling only.

(m) Assistance/Special Handling Fee. At the discretion of the Manager, or his or her authorized representative, fees for county assistance or special handling of waste delivered to Lane County for disposal or recycling may be charged in addition to other fees set forth in LM 60.875. These fees may be assessed when a customer requests assistance or the material, because of a unique nature or circumstance, requires special handling. The fee will be based on the time required for the assistance or special handling

and the cost for use of equipment. The fee for labor only is \$25.00/hour per person. The fee for equipment usage will be based on the current Fleet Services hourly rate for the equipment used. When applied, these fees will be determined in quarter hour increments with a ½ hour minimum.

		System Benefit Fee	Disposal Fee	Total Fee
(n)	Mattresses and Box Springs	\$17.60/ton or \$ 1.96/cu.yd	\$57.40/ton or \$ 3.04/cu.yd	\$75.00/ton or \$ 5.00/cu.yd.

(o) Electronic Equipment Recycling. Electronic equipment recycling at the Glenwood Central Receiving Station is voluntary. The program is designed to give Lane County citizens an option for recycling electronic equipment. All materials shall be collected by appointment only at Glenwood Central Receiving Station with the following fees:

Television sets

Less than 10" screen.....	\$ 5 each
10" - 20" screen .....	\$10 each
21" - 30" screen.....	\$15 each
Consoles & TVs greater than 30" .....	\$20 each
Computers (CPUs) .....	\$ 5 each
Laptops .....	\$ 5 each
Computer Monitors.....	\$ 8 each
Copy Machines .....	\$35 each

(3) Out-of-County Wastes. Wastes generated outside of Lane County are generally not accepted. However, they may be accepted, at the Manager's discretion, dependent upon special circumstances, including but not limited to: the usefulness of the waste at the Lane County disposal site; the difficulty the generator is having in finding a suitable disposal location; or the public's best interests. Additional fees, up to 25% of the Disposal Fee, may be assessed on Out-of-County Wastes, if any special handling is required.

(4) Waiver of Fees.

(a) The Manager of the Waste Management Division, or his or her authorized representative, may waive all or part of the appropriate fees from LM 60.875(2) above for loads of dirt, rock, dirty wood waste or other materials when they are received at specific solid waste facilities where they can be beneficially used.

(b) In the event of disaster or emergency conditions the Director of the Department of Public Works, or his or her authorized representative, may waive fees at County solid waste facilities to assist in cleanup of private property that endangers the public safety and health as provided in the Lane County Basic Disaster Operations Plan.

(c) In the event a city government or an officially recognized community organization representing an unincorporated community or an organized service group wishes to sponsor a community or area-wide clean-up program, the Director of the Department of Public Works, or his or her authorized representative, may waive fees for disposal of materials collected during the cleanup and may specify a period during which the fee waiver will apply. Fee waivers are limited to one per year per community or area. A fee waiver may not exceed \$1,500 except for the City of Eugene which shall not exceed \$10,000 and the City of Springfield which shall not exceed \$3,000 and the total yearly aggregate of fee waivers under this section shall not exceed \$17,500.

(d) In the event an individual collects solid waste in the performance of a public service, such as picking up roadside litter or cleanup of a park area, the Director of Public Works, or his or her authorized representative, may waive fees for the

disposal of the collected materials. The individual must request the fee waiver in writing and must certify in the request that the wastes result from a cleanup activity for public benefit. Fee waivers are limited to four per year per individual or household. An individual fee waiver shall not exceed \$15 and the total yearly aggregate of fee waivers under this section shall not exceed \$7,500.

(e) In the event that a benevolent/charitable organization develops waste from a specific one-time activity such as construction, repair or remodeling of their facilities, removal of underground storage tanks or other excavation on their property, the County Administrator, or his or her authorized representative, may waive the fees for the specific waste. The organization must request the waiver in writing and describe how the waste is being generated. Fee waivers are limited to one per year per organization. A fee waiver shall not exceed \$2,000 for any single organization request.

(5) Discount for Recycling. This subsection establishes a system for discounting the fees at County solid waste facilities for recyclers by recognizing the benefits associated with the reduction of wastes. Fees for recyclers shall be discounted by the amounts listed as follows:

- (a) Entire load of recyclable items. .... All Fees
- (b) Partial load of recyclable items..... \$ 1.00 from total fee

In order to qualify for the fee discount for a partial load of recyclable items, the total amount of recyclable material must be significant (10 pounds or more). The fee discount for recycling will only be available at solid waste sites which have recycling capability. Only items for which recycling capability is provided at each solid waste site will be eligible for the discounted fee rates.

(6) Discount for Covering/Securing Loads.<sup>8</sup> This subsection establishes a system for reducing the fees at County solid waste facilities for users who prevent litter by covering or securing their loads. Fees for users covering or securing their loads shall be discounted by the amounts listed as follows:

	System		
	Benefit Fee	Disposal Fee	Total Fee
(a) Up to 3 can maximum	\$ 2.74	\$ 4.26	\$ 7.00
(b) More than 3 cans to 3 cu. yd. maximum	\$ 5.08	\$ 7.92	\$ 13.00
(c) Loose waste over 3 cu. yd.	\$ 17.60/ton \$ 1.96/cu.yd.	\$ 27.40/ton \$ 3.04/cu.yd.	\$ 45.00/ton \$ 5.00/cu.yd.
(d) Compacted waste - volume-based fee	\$ 6.36/cu.yd.	\$ 9.89/cu.yd.	\$ 16.25/cu.yd.
(e) Compacted waste - weight-based fee <sup>9</sup>	\$ 17.60/ton	\$ 28.40/ton	\$ 46.00/ton

<sup>8</sup> "Covered and Secured Loads" shall include only the following:

Loads which are totally contained within an enclosed vehicle or container.

Loads of refuse contained in garbage cans with tightly fitting lids, tied plastic refuse disposal bags or similar totally enclosed individual containers.

Loads of loose refuse which are covered, as with a cloth or plastic tarp, and tied into the hauling vehicle, such that no refuse can reasonably be expected to escape during hauling.

Loads of brush, building materials and similar bulky materials which are tied into the hauling vehicle or completely contained within the walls of a vehicle or container, such that none can reasonably be expected to escape during hauling.

Loads consisting entirely of dirt, rock, concrete, asphalt paving, stumps and similar materials.

<sup>9</sup> Only at sites where Lane County provides scales for determining weight-based fees.

	System Benefit Fee	Disposal Fee	Total Fee
(f) Yard debris and Woodwaste - 50% of current fee (LM 60.875(2)(g))			
(g) Post-MRF residues - 50% of current fee (LM 60.875(2)(j))			
(7) <u>Discount for Seniors.</u> Individuals sixty (60) years of age or older shall receive a \$1.00 per load discount from total fees at County solid waste facilities provided that such discount shall only apply on cash transactions for residential loads only. Will not apply to loads larger than six cubic yards.			
(8) <u>Discount for Charitable Recycling Organizations.</u> Organizations that are nonprofit and are engaged as a primary form of business in the processing of abandoned goods for resale or reuse shall receive a 33.3% discount on their fees at County solid waste facilities.			
(9) <u>Payments for Residential Recycling Depot Service.</u> Providers of residential recycling drop-off depots may receive a quarterly payment to assist in the cost of providing recycling service. To be eligible for such payments, providers of residential recycling drop-off service must be certified by the Lane County Waste Management Division. The Manager of the Waste Management Division shall determine reasonable written certification requirements which may be revised from time to time to reflect program experience, increase waste reduction effectiveness, reflect market changes or for other appropriate reasons.			
Payments shall be based on the amount of residential glass, tin, household aluminum, certain plastics, aseptic packaging and motor oil collected in the previous quarter. Payments shall be based on the ratio of the materials that each individual certified provider collected to the total quantity of materials collected by all certified providers. The total amount of payments for residential recycling depot service shall not exceed \$18,000 per year.			
Payments will be contingent upon receipt of quarterly reports substantiated by verifiable weight slips from established materials markets or other acceptable sources. The payment shall only be based upon materials collected through the recycling depot service. Only incidental commercial quantities will be allowed. Mixing commercial materials with residential materials may be cause for rejection of the entire month for which a payment was requested.			
(10) <u>Ability to Reject Wastes.</u> Any wastes may be rejected at Lane County solid waste facilities if they are deemed to be hazardous to the operation or environment, if they are prohibited by State or Federal regulations or permits, or if they include large quantities of materials which can be recovered for a beneficial purpose. <i>(Revised by Order No. 01-10-24-1, Effective 10.24.01)</i>			

**60.865 Law Library Fees.**

(1) Circuit Court. Under the authority of ORS 21.350, the law library fee in each civil suit, action, or proceeding filed in the Circuit Court of Lane County shall be 33% of the filing fee provided by law rounded to the next full dollar.

(2) No such fee shall be charged in accordance with this section that exceeds 33% of the filing fee as provided by law. *(Revised by Order No. 97-10-29-5, Effective 10.29.97)*

**60.870 Records Search Fee.**

In accordance with the authority granted by ORS 192.440, a records search and inspection fee is hereby established for the purpose of reimbursing Lane County for its actual cost in making records available under ORS Chapter 192.

Per single request, search or examination,  
employee lost time less than one hour..... -None-  
Search or examination requiring an hour or more  
of employee time. .... The hourly wage rate  
for the employee  
involved as determined  
by the Department  
Head.

*(Revised by Order 75-2-19-9, Effective 2.19.75)*

**60.875 Fees for Lane County Solid Waste Services.**

Pursuant to Lane County Charter, Chapter II, Section 5, and LC 9.005 through 9.070, this section establishes a rate schedule for disposal of solid waste at all Lane County solid waste facilities and a Solid Waste System Benefit Fee for countywide solid waste management services, assessed on all municipal solid waste generated inside Lane County. Except where otherwise clearly indicated, all individuals, firms, agencies or corporations whether Public or private, shall pay the total solid waste service fee at any of the County solid waste facilities which includes both the listed Disposal Fee and the System Benefit Fee assessed against any municipal solid waste which is generated inside Lane County. All individuals, firms, agencies or corporations whether Public or private, using solid waste disposal facilities other than Lane County facilities, shall pay to Lane County the System Benefit Fee assessed against any municipal solid waste which is generated inside Lane County. The solid waste service fees are established, as follows:

(1) User Fees for Residential, Commercial and Industrial Waste, Not Including Specific Wastes Listed in LM 60.875(2). At sites where Lane County provides scales for determining weight-based fees, the weight-based fee will be charged for all commercial and industrial wastes. Lane County retains sole authority to charge by weight or volume and to classify loads as commercial or residential.

	System Benefit Fee	Disposal Fee	Total Fee
(a) Up to 3 can maximum	\$ 5.48	\$ 8.52	\$14.00
(b) More than 3 cans to 3 cu. yd. maximum	\$10.17	\$15.83	\$26.00
(c) Loose waste over 3 cu.yd. <sup>1/2</sup>	\$35.20/ton \$ 3.91/cu.yd	\$54.80/ton \$ 6.09/cu.yd	\$90.00/ton \$10.00/cu.yd
(d) Compacted waste- volume based fee <sup>3</sup>	\$12.71/cu.yd	\$19.79/cu.yd	\$32.50/cu.yd

<sup>1</sup> Volume charge used at sites without scales or when existing scales are not functioning.

<sup>2</sup> Minimum weight-based fee \$7.00.

<sup>3</sup> See footnote #47.

	System Benefit Fee	Disposal Fee	Total Fee
(e) Compacted waste-weight-based fee <sup>4</sup>	\$35.98/ton	\$56.02/ton	\$92.00/ton

Except where Lane County has provided scales to determine fees based on weight of waste, minimum fees for compacted garbage collection vehicles and other enclosed vehicles shall be based upon rated cubic yard capacity regardless of the actual volume being hauled. Minimum fees for container vehicles of capacity greater than 3 cubic yards shall be based on the volume of the vehicle or container. Loads heaped above an open container will be charged based on the total estimated loose waste volume.

(2) User Fees for Specific Waste.

	System Benefit Fee	Disposal Fee	Total Fee
(a) Demolition rubble, construction waste, land clearing debris	\$17.60/ton or \$ 2.74/cu.yd	\$27.40/ton or \$ 4.26 /cu.yd	\$45.00/ton or \$ 7.00/cu.yd
(b) Big concrete chunks, stumps, rock, dirt	\$17.60/ton or \$21.12/cu.yd	\$27.40/ton or \$32.88/cu.yd	\$45.00/ton or \$54.00/cu.yd
(c) Tires: <sup>5</sup>			
(i) Smaller than 17 inch rim diameter (tire only)	\$ 0.78 ea.	\$ 1.22 ea.	\$ 2.00 ea.
(ii) Smaller than 17 inch rim diameter (including wheel)	\$ 1.17 ea.	\$ 1.83 ea.	\$ 3.00 ea.
(iii) 17 inch through 24 inch rim diameter (tire only)	\$ 2.35 ea.	\$ 3.65 ea.	\$ 6.00 ea.
(iv) 17 inch through 24 inch rim diameter (including wheel)	\$ 3.91 ea.	\$ 6.09 ea.	\$ 10.00 ea.
(v) 24 inch through 30 inch rim diameter (tire only)	\$ 7.82 ea.	\$ 12.18 ea.	\$ 20.00 ea.

(vi) Fee for Tires Placed in Waste Stream. Double the current tire fee in LM 60.875(2)(c)(i)-(v) based on the size of the tire and whether the wheel is present, per tire, per occurrence. This fee shall be assessed to any customer who places, or causes to be placed, any tire or tires in the disposal area of any Lane County solid waste facility.

(d) Petroleum Contaminated Soil (PCS). Only PCS that meets Lane County standards for disposal will be accepted regardless of the material being treated as waste or used as cover material. A special waste permit is required before any material is delivered to Short Mountain Landfill.

	System Benefit Fee	Disposal Fee	Total Fee
PCS that is accepted for <u>disposal</u> will be charged	\$17.60/ton or \$21.11/cu.yd	\$27.40/ton or \$32.89 /cu.yd	\$45.00/ton or \$54.00/cu.yd

PCS that is accepted for use as cover material will be charged the current Disposal Fee for loose waste, not including the System Benefit Charge. [See LM 60.875(1)(c).]

At the discretion of the Manager, or his or her authorized representative, PCS that is accepted for use as cover/fill material may be charged the current rate for cover/fill material. [See LM 60.875(2)(k).]

<sup>4</sup> See footnote #48.

<sup>5</sup> Tires shall not be accepted from commercial sources. Up to ten tires per day may be accepted per individual load. Tires larger than 30 inches will not be accepted.

(e) Asbestos.

	System Benefit Fee	Disposal Fee	Total Fee
(i) Bulk		\$75.00/ton or \$20.00/cu.yd	\$75.00/ton or \$20.00/cu.yd (minimum charge \$20.00)
(f) Infectious Wastes, as defined in ORS 459.386		\$75.00/ton or \$12.00/cu.yd	\$75.00/ton or \$12.00/cu.yd (minimum charge \$12.00)

(g) Yard Debris and Wood Waste<sup>6</sup>

(i) Up to 3 cu.yd.	\$ 8.21/cu.yd.	\$12.79 /cu.yd.	\$21.00/cu.yd.
(ii) Over 3 cu.yd.	\$17.60/ton or \$ 3.13/cu.yd.	\$62.40/ton or \$ 4.87/cu.yd.	\$80.00/ton or \$ 8.00/cu.yd.

(h) Special wastes. A special waste is any waste material that, because of its origin, physical state or characteristics, would suggest that it may: be a hazardous waste, contain hazardous substances or wastes prohibited in municipal landfills, require additional management such as hazard review or special disposal conditions or precautions, carry potential liability to Lane County disposal sites or create unsafe or unhealthy conditions for Lane County employees or the public.

Examples of special wastes include, but are not limited to, clean-up materials from petroleum or chemical spills and or tank removals, industrial chemicals and by-products, liquids, dusts, sludges (liquid/solid mixtures), wastes in drums, tank trucks or vacuum trucks.

Prior to delivery for disposal a special waste application must be submitted to Lane County for each special waste. The special waste will be thoroughly investigated to determine that it is not considered to be a hazardous waste and that Lane County is authorized to accept it for disposal.

	System Benefit Fee	Disposal Fee	Total Fee
(i) Application review (non-refundable)			\$25.00
(ii) Application fee, renewal (non-refundable)			\$10.00
(iii) Disposal Fees			
Bulk	\$17.60/ton or \$10.56/cu.yd	\$27.40/ton or \$16.44/cu.yd	\$45.00/ton or \$27.00/cu.yd
Drummed	\$ 2.93 drum	\$ 4.57 drum	\$ 7.50 drum

Rates for other specific waste not included in the above list shall be temporarily determined by the Manager of the Waste Management Division as the need occurs until a permanent rate can be established in this section. Specific wastes may be limited to designated areas or sites. Specific waste fees shall not be subject to discounts under LM 60.875(7), (8) and (9) below.

(i) White goods. Except as otherwise provided herein, white goods (stoves, refrigerators and other large appliances), water heaters, metal tanks and similar large metal items shall not be accepted for disposal at County solid waste facilities. White goods and similar large metal items may be accepted for recycling at County sites where metals recycling facilities are provided, as follows:

<sup>6</sup> Only applies at sites where separate yard debris and wood waste collection is conducted.

	System Benefit Fee	Disposal Fee	Total Fee
(i) White goods containing refrigerants and/or electric motors (refrigerators, freezers, air conditioners, washers, dryers, dish washers, etc.)	\$ 5.87	\$ 9.13	\$ 15.00
(ii) Other white goods and large metal items		No charge	

The Manager of the Waste Management Division may accept white goods or similar large metal items for disposal at County solid waste facilities only when he/she determines that it is unreasonable to require that the item be recycled. In such case, the appropriate fee based on LM 60.875(1), (2) or (3) shall be charged for disposal of the item.

(j) Post-MRF Residues. Material recovery facility (MRF) post MRF residue fees shall be set based on the level of recovery achieved by qualifying MRFs. These fees apply only to the residual waste (waste requiring disposal after reusable and/or recyclable materials have been separated) generated by a MRF permitted by the Oregon Department of Environmental Quality. In order for a MRF to qualify for the disposal rates set forth, it must be in compliance with all permits, including but not limited to the disposal site permit issued by the Department of Environmental Quality, land use permits, etc. Further, in order to be eligible, MRFs must have satisfied any requirements for the payment of civil penalties by permitting agencies after all available appeals have been exhausted.

The disposal fees apply only to residual wastes delivered directly to the Short Mountain Landfill. The tipping fee per ton for post-MRF waste will be determined by the MRF's level of recovery based on the schedule set forth below.

In order to qualify for the post-MRF rate, permitted MRFs must submit monthly reports to the Lane County Waste Management Division by the 15th day of each month for activity occurring in the previous month. "Monthly" shall be from the 26th day of one month to the 25th day of the following month so the recovery rates will match up with billing records. Forms to be provided by the Division will require the following information:

- (i) Tons of mixed waste received at the MRF – monthly total
- (ii) A summary of outgoing tons of residual waste, reusable material, inerts and tons of recovered materials and their destinations – monthly total
- (iii) Tons of source separated material received monthly.

Monthly MRF discounts and tipping fees shall be based on the average recovery rate established during the previous twelve months for MRFs in operation longer than one year – a rolling average calculated each month. MRFs which have been in operation for longer than six months, but less than twelve months, shall receive discounts and tipping fees based on the most recent six months of activity using a six month rolling average calculated each month until they have been in operation for a full twelve months. Once in operation a full twelve months, their discounts and tipping fees will be based on a twelve month rolling average calculated monthly. MRFs which are not in operation on September 26, 2001 will receive a discount equivalent to that provided for a 23% recovery rate until such time as they are eligible for discounts and tipping fees based on a six month rolling average as described above. After review of the monthly report and approval by the Waste Management Division, the appropriate rate/discount will be applied to the current month's billing.

New MRFs must demonstrate to Lane County's satisfaction that they are making a good faith effort to accomplish reasonable recovery for the entire first year

of operation. Failure to do so may be cause for Lane County to withhold discounts until such time as the MRF demonstrates an ability to accomplish meaningful recovery.

Authorized representatives of Lane County shall be permitted to inspect information from which all required reports are derived during normal working hours or at other reasonable times with 48 hours notice. Lane County's right to inspect shall include but not be limited to the right to review records, receipts, books, maps, plans and other like materials that are directly related to the facility's recovery rate calculation. Refusal by the MRF operator to allow inspection is grounds for loss of eligibility for the post-MRF disposal credit. Failure of the records to substantially balance, or to verify the level of recovery shown in the monthly report by the 26th of the month shall be cause for Lane County to assume a recovery rate equal to the minimum recovery rate then in effect on the schedule of rates. That recovery rate would also become part of the rolling average.

The data in the monthly report will be used to calculate the monthly level of recovery as follows:

Tons of Recovered Material

Tons of Material Disposed + Tons of Recovered Material

Where total tons recovered is the amount of materials sent to market for that month.

Depending on the level of recovery, Lane County will discount the base disposal rate of \$90 per ton at the Short Mountain Landfill and charge fees as follows:

	System Benefit Fee	Disposal Fee	Total Fee
15% recovery	\$35.20/ton	\$54.80/ton	\$90.00/ton
	\$10.56/cu.yd	\$16.44/cu.yd	\$27.00/cu.yd <sup>7</sup>

In the event of the catastrophic failure of a recycling market, MRF operators may petition the Lane County Waste Management Division for a decrease in the recycling recovery rate percentage necessary to achieve post-MRF discounts. The

<sup>7</sup> Volume charge only if scales are not functioning.

Manager of the Waste Management Division may decrease the recycling recovery rate percentage necessary for post-MRF discounts in the event MRF operators petition Lane County for a decrease due to catastrophic failure of a recycling market.

If unacceptable waste is found in a post-MRF load (i.e. tires, lead acid batteries, appliances) any per unit fees associated with tires, appliances or other unacceptable waste plus any processing fees shall be charged. If Lane County determines through its load inspections that a post-MRF load contains more than 5% putrescible waste, that load will be charged the standard non-MRF disposal fee.

Lane County reserves the right to visit and inspect MRF facilities during normal operating hours. Refusal of a MRF operator to allow such inspections will result in the loss of post-MRF discounts for the duration of such refusal.

Source separated recyclable material will not count toward the MRF's recovery rate. However, a MRF that accepts source separated recyclable material for processing or sorting may subtract 5% of the total tons of source separated recyclable material from the total tons disposed when calculating the facility's monthly recovery rate. Source separated recyclable material includes but is not limited to curbside residential and commercial recyclables that are collected commingled but separate from waste.

In order for a material to count toward a MRF's recovery rate, it must be used in the manufacture of a new product. However, materials that are diverted for fill, such as shaker fines, brick, concrete, etc., may be counted toward a MRF's recovery rate, but at only half their actual weight.

Because reuse is emphasized above recycling in the State of Oregon, a MRF may double the weight of items recovered for reuse and the doubled weight for reusable items will be applied to the calculation of the MRF's monthly recovery rate.

(k) Cover/Fill Material ..... \$ 10.00/ton

At the discretion of the Manager, or his or her authorized representative, materials may be accepted for use as cover/fill material at the Short Mountain Landfill depending upon the characteristics of the material and the need at the landfill. The materials may consist of, but are not limited to, soil, dirt, rock, wood wastes, PCS, or other non-putrescibles.

(l) Propane Tanks      Up to 10 gallons in capacity ..... \$ 4.00 each  
                                 Over 10 gallons up to 15 gallons ..... \$10.00 each  
                                 Over 15 gallons up to 25 gallons ..... \$25.00 each

This fee applies only to refillable propane tanks, not over 25 gallons in capacity. Refillable propane tanks shall be separated from other wastes and recyclables and will be accepted for recycling only.

(m) Assistance/Special Handling Fee. At the discretion of the Manager, or his or her authorized representative, fees for county assistance or special handling of waste delivered to Lane County for disposal or recycling may be charged in addition to other fees set forth in LM 60.875. These fees may be assessed when a customer requests assistance or the material, because of a unique nature or circumstance, requires special handling. The fee will be based on the time required for the assistance or special handling and the cost for use of equipment. The fee for labor only is \$25.00/hour per person. The fee for equipment usage will be based on the current Fleet Services hourly rate for the equipment used. When applied, these fees will be determined in quarter hour increments with a ½ hour minimum.

	System		
	Benefit Fee	Disposal Fee	Total Fee
(n) Mattresses and	\$17.60/ton or	\$57.40/ton or	\$75.00/ton or
Box Springs	\$ 1.96/cu.yd	\$ 3.04/cu.yd	\$ 5.00/cu.yd.

(o) **Electronic Equipment Recycling.** Electronic equipment recycling at the Glenwood Central Receiving Station is voluntary. The program is designed to give Lane County citizens an option for recycling electronic equipment. All materials shall be collected by appointment only at Glenwood Central Receiving Station with the following fees:

**Television sets**

Less than 10" screen.....	\$ 5 each
10" - 20" screen .....	\$10 each
21" - 30" screen .....	\$15 each
Consoles & TVs greater than 30".....	\$20 each
Computers (CPUs).....	\$ 5 each
Laptops .....	\$ 5 each
Computer Monitors.....	\$ 8 each
Copy Machines .....	\$35 each

(3) **Out-of-County Wastes.** Wastes generated outside of Lane County are generally not accepted. However, they may be accepted, at the Manager's discretion, dependent upon special circumstances, including but not limited to: the usefulness of the waste at the Lane County disposal site; the difficulty the generator is having in finding a suitable disposal location; or the public's best interests. Additional fees, up to 25% of the Disposal Fee, may be assessed on Out-of-County Wastes, if any special handling is required.

(4) **Waiver of Fees.**

(a) The Manager of the Waste Management Division, or his or her authorized representative, may waive all or part of the appropriate fees from LM 60.875(2) above for loads of dirt, rock, dirty wood waste or other materials when they are received at specific solid waste facilities where they can be beneficially used.

(b) In the event of disaster or emergency conditions the Director of the Department of Public Works, or his or her authorized representative, may waive fees at County solid waste facilities to assist in cleanup of private property that endangers the public safety and health as provided in the Lane County Basic Disaster Operations Plan.

(c) In the event a city government or an officially recognized community organization representing an unincorporated community or an organized service group wishes to sponsor a community or area-wide clean-up program, the Director of the Department of Public Works, or his or her authorized representative, may waive fees for disposal of materials collected during the cleanup and may specify a period during which the fee waiver will apply. Fee waivers are limited to one per year per community or area. A fee waiver may not exceed \$1,500 except for the City of Eugene which shall not exceed \$10,000 and the City of Springfield which shall not exceed \$3,000 and the total yearly aggregate of fee waivers under this section shall not exceed \$17,500.

(d) In the event an individual collects solid waste in the performance of a public service, such as picking up roadside litter or cleanup of a park area, the Director of Public Works, or his or her authorized representative, may waive fees for the disposal of the collected materials. The individual must request the fee waiver in writing and must certify in the request that the wastes result from a cleanup activity for public benefit. Fee waivers are limited to four per year per individual or household. An individual fee waiver shall not exceed \$15 and the total yearly aggregate of fee waivers under this section shall not exceed \$7,500.

(e) In the event that a benevolent/charitable organization develops waste from a specific one-time activity such as construction, repair or remodeling of their facilities, removal of underground storage tanks or other excavation on their property, the County Administrator, or his or her authorized representative, may waive the fees for the specific waste. The organization must request the waiver in writing and describe how the

waste is being generated. Fee waivers are limited to one per year per organization. A fee waiver shall not exceed \$2,000 for any single organization request.

(5) Discount for Recycling. This subsection establishes a system for discounting the fees at County solid waste facilities for recyclers by recognizing the benefits associated with the reduction of wastes. Fees for recyclers shall be discounted by the amounts listed as follows:

- (a) Entire load of recyclable items. .... All Fees
- (b) Partial load of recyclable items..... \$ 1.00 from total fee

In order to qualify for the fee discount for a partial load of recyclable items, the total amount of recyclable material must be significant (10 pounds or more). The fee discount for recycling will only be available at solid waste sites which have recycling capability. Only items for which recycling capability is provided at each solid waste site will be eligible for the discounted fee rates.

(6) Discount for Covering/Securing Loads.<sup>8</sup> This subsection establishes a system for reducing the fees at County solid waste facilities for users who prevent litter by covering or securing their loads. Fees for users covering or securing their loads shall be discounted by the amounts listed as follows:

	System Benefit Fee	Disposal Fee	Total Fee
(a) Up to 3 can maximum	\$ 2.74	\$ 4.26	\$ 7.00
(b) More than 3 cans to 3 cu. yd. maximum	\$ 5.08	\$ 7.92	\$ 13.00
(c) Loose waste over 3 cu. yd.	\$ 17.60/ton \$ 1.96/cu.yd.	\$ 27.40/ton \$ 3.04/cu.yd.	\$ 45.00/ton \$ 5.00/cu.yd.
(d) Compacted waste - volume-based fee	\$ 6.36/cu.yd.	\$ 9.89/cu.yd.	\$ 16.25/cu.yd.
(e) Compacted waste - weight-based fee <sup>9</sup>	\$ 17.60/ton	\$ 28.40/ton	\$ 46.00/ton
(f) Yard debris and Woodwaste - 50% of current fee (LM 60.875(2)(g))			
(g) Post-MRF residues - 50% of current fee (LM 60.875(2)(j))			

(7) Discount for Seniors. Individuals sixty (60) years of age or older shall receive a \$1.00 per load discount from total fees at County solid waste facilities provided that such discount shall only apply on cash transactions for residential loads only. Will not apply to loads larger than six cubic yards.

(8) Discount for Charitable Recycling Organizations. Organizations that are nonprofit and are engaged as a primary form of business in the processing of abandoned

<sup>8</sup> "Covered and Secured Loads" shall include only the following:

Loads which are totally contained within an enclosed vehicle or container.

Loads of refuse contained in garbage cans with tightly fitting lids, tied plastic refuse disposal bags or similar totally enclosed individual containers.

Loads of loose refuse which are covered, as with a cloth or plastic tarp, and tied into the hauling vehicle, such that no refuse can reasonably be expected to escape during hauling.

Loads of brush, building materials and similar bulky materials which are tied into the hauling vehicle or completely contained within the walls of a vehicle or container, such that none can reasonably be expected to escape during hauling.

Loads consisting entirely of dirt, rock, concrete, asphalt paving, stumps and similar materials.

<sup>9</sup> Only at sites where Lane County provides scales for determining weight-based fees.

goods for resale or reuse shall receive a 33.3% discount on their fees at County solid waste facilities.

(9) Payments for Residential Recycling Depot Service. Providers of residential recycling drop-off depots may receive a quarterly payment to assist in the cost of providing recycling service. To be eligible for such payments, providers of residential recycling drop-off service must be certified by the Lane County Waste Management Division. The Manager of the Waste Management Division shall determine reasonable written certification requirements which may be revised from time to time to reflect program experience, increase waste reduction effectiveness, reflect market changes or for other appropriate reasons.

Payments shall be based on the amount of residential glass, tin, household aluminum, certain plastics, aseptic packaging and motor oil collected in the previous quarter. Payments shall be based on the ratio of the materials that each individual certified provider collected to the total quantity of materials collected by all certified providers. The total amount of payments for residential recycling depot service shall not exceed \$18,000 per year.

Payments will be contingent upon receipt of quarterly reports substantiated by verifiable weight slips from established materials markets or other acceptable sources. The payment shall only be based upon materials collected through the recycling depot service. Only incidental commercial quantities will be allowed. Mixing commercial materials with residential materials may be cause for rejection of the entire month for which a payment was requested.

(10) Ability to Reject Wastes. Any wastes may be rejected at Lane County solid waste facilities if they are deemed to be hazardous to the operation or environment, if they are prohibited by State or Federal regulations or permits, or if they include large quantities of materials which can be recovered for a beneficial purpose. *(Revised by Order No. 01-10-24-1, Effective 10.24.01)*
