AGENDA COVER MEMORANDUM

Agenda Date: January 19, 2005

DATE: January 5, 2005

TO: Board of County Commissioners

DEPARTMENT: Management Services

PRESENTED BY: Jeff Turk, Property Management Officer 2

SUBJECT: ORDER/IN THE MATTER OF AUTHORIZING THE COUNTY ADMINISTRATOR TO EXECUTE AN OPTION TO PURCHASE AGREEMENT WITH JOHN HAMMER OR ASSIGNS FOR THE SALE OF COUNTY OWNED REAL PROPERTY IDENTIFIED AS MAP NO. 17-03-30-34-06700 (620 WEST FIRST STREET, EUGENE)

1. **PROPOSED MOTION:** THE BOARD OF COUNTY COMMISSIONERS MOVES TO AUTHORIZE THE COUNTY ADMINISTRATOR TO EXECUTE AN OPTION TO PURCHASE AGREEMENT WITH JOHN HAMMER OR ASSIGNS FOR THE SALE OF COUNTY OWNED REAL PROPERTY IDENTIFIED AS MAP NO. 17-03-30-34-06700 (620 WEST FIRST STREET, EUGENE)
2. **ISSUE/PROBLEM:** Mr. Hammer wishes to acquire a purchase option for the subject property to allow him time to assess its environmental condition and the feasibility of developing it . The proposed terms of the option agreement are a sale price of \$45,000 for the property, a 90 day option period with the ability to extend an additional 90 days with a cost of \$500 for each option period. The purchase would occur pursuant to a 48 month land sale contract.

3. **DISCUSSION:**

3.1 Background

The subject parcel was acquired through tax foreclosure in September, 2001. The lot is 80' x 110' (8,800 sq. ft) and is improved with a small metal office and cleaning bays from its prior use as a self-serve car wash. The property is located within the Whitaker Special Area Zone which requires site review before a use is approved. The property has an assessed value of \$66,000. It was offered at a Sheriff's sale in December, 2002 with a minimum bid of \$45,000.

The property was also used as a gas station at one time. There are 5 underground storage tanks (USTs) located on the property. Three larger tanks are estimated to be 1,500 gallons each. The two smaller ones were waste oil and heating oil tanks estimated to be 750 gallons each.

The county was able to acquire an environmental report on the property from the contractor who was working for the previous owner (who didn't pay the contractor due to the county's foreclosure). The report indicated that no contamination was detected from soil samples taken. The report also indicated that the larger tanks may have been filled with concrete or sand and decommissioned. The smaller tanks are filled with water and oil residue.

The Oregon Department of Environmental Quality (DEQ) has indicated that the larger tanks may not need to be removed. The 2 smaller tanks will need to be removed and additional soil samples would need to be taken from areas not yet sampled before the DEQ would issue a letter of No Further Action. The cost for the work is estimated to be \$6,000.

During the option period, Mr. Hammer, at his expense, would proceed with removal of the 2 smaller tanks and conduct additional soil sampling. Mr. Hammer will use qualified contractors and provide the county with copies of environmental reports.

Mr. Hammer would have an initial 90 day option period with consideration of \$500 paid to the county. The agreement provides for a 90 day extension for an additional \$500 in consideration (soil will be sampled at depths up to 15 feet and it is better to do this when the water table has subsided). Mr. Hammer will be responsible for all costs associated with performing his due diligence. Mr. Hammer has requested that the property be sold to him on a land sale contract. The term would be for 48 months with a 20% down payment. The interest rate would be at the prime rate plus 3%. Mr. Hammer has indicated that if he exercises the purchase option title would be taken by a corporate entity which is the reason the option agreement notes John Hammer or Assigns as the purchaser.

A non-profit organization – the Material Exchange Center for Community Arts (MECCA) - had contacted the county in December, 2003 about acquiring the property for use as a site for a Charter School. A letter was mailed to MECCA in January, 2004 by Property Management staff outlining requirements to bring the matter forward to the Board for deliberation (\$400 processing fee, reimbursement of county costs, deed restrictions on use). No response to the letter was received. Another letter was sent to MECCA in April, 2004 requesting an update on their transfer request. Again, no response was received.

3.2 Analysis

The presence of the USTs, the need for their removal and the risk of possible soil contamination has caused several potential buyers to back away from pursuing a purchase. Mr. Hammer is willing to remove the USTs, conduct the necessary investigations and work through the DEQ process of obtaining a letter of No Further Action. In the event soil contamination is detected at levels causing Mr. Hammer not to purchase the property, the

tanks would be removed and the county would have access to environmental reports secured by Mr. Hammer.

Comparable land sales in the area of the subject have been for approximately \$6.50/sq. ft. which would give a value of \$57,000 for the property. Mr. Hammer's offer of \$45,000 appears reasonable given the additional expenses he will incur in removing the tanks, securing additional soil borings and analyses and the risk involved.

As the property has been through a Sheriff's sale, it can be sold at private sale pursuant to the provisions of ORS 275.200. ORS 275.200 allows the County to sell its property at private sale without further notice if it has not sold at Sheriff's sale. The sale price cannot be less than 15% of the minimum bid for which the property was offered at the Sheriff's sale. The proposed agreement meets the requirements for private sale pursuant to statute.

3.3 Alternatives/Options

1. Accept the proposal as presented.
2. Reject the offer and direct staff to continue negotiations for terms which would be acceptable to the Board.
3. Offer the property at a future Sheriff's sale.

3.4 Recommendation

It is recommended that alternative 1 be pursued with authority to execute the agreement delegated to the County Administrator. It is also recommended that the Board Order include provisions for execution of the Quitclaim Deed and Land Sale Contract by the Board should the purchase option be exercised, thus expediting the sale, and that the Property Management Officer be authorized to execute closing documents should an escrow agent be used to close the transaction.

3.5 Timing None.

4. **IMPLEMENTATION/FOLLOW-UP:** Upon approval by the Board of County Commissioners, the County Administrator will execute the option agreement.
