

W. 10. D. 1.

AGENDA COVER MEMO

DATE: April 26, 2006
TO: Lane County Board of Commissioners
FROM: Public Works – Engineering Administration
PRESENTED BY: Sonny P. A. Chickering, County Engineer
AGENDA ITEM TITLE: IN THE MATTER OF AWARDING REQUIREMENT CONTRACTS TO VARIOUS CONTRACTORS TO ESTABLISH UNIT PRICES FOR ROCK MATERIAL NEEDS DURING FISCAL YEAR 2006-2007, PROSPECTIVE CONTRACT NO. 06/07-M&S-51

I. MOTION

THAT THE ATTACHED BOARD ORDER BE ADOPTED AWARDING REQUIREMENT CONTRACTS TO VARIOUS CONTRACTORS FOR FURNISHING ROCK MATERIALS FOR FISCAL YEAR 2006-2007, AND THAT THE CONTRACTS BE EXECUTED IN ACCORDANCE WITH THE BID SPECIFICATIONS, AND THAT THE COUNTY ADMINISTRATOR BE AUTHORIZED TO SIGN THE CONTRACTS.

II. ISSUE OR PROBLEM

These contracts are for furnishing rock materials to be used in the maintenance of County roads, bridge approaches, and shoulder widenings during fiscal year 2006-2007.

III. DISCUSSION

A. Background

Rock materials are reapplied to County road shoulders in order to maintain and provide a safe traveling surface, and to minimize the breakdown of pavement under heavy traffic and inclement weather conditions.

Rock material requirement contracts are awarded annually to all qualifying bidders, thus guaranteeing Lane County the best price for the materials based on the low bid and hauling cost.

Contract specifications require Lane County to purchase at least \$100.00 of materials from each qualifying bidder. These materials are purchased as needed during the term of the contract; therefore, a contract dollar amount cannot be specified.

B. Analysis

The use of rock materials in road maintenance helps prevent potential safety hazards and reduce capital improvement expenditures.

C. Alternatives/Options

Bid all rock under a single contract. This is difficult because the quantities needed by Lane County are unknown at this time. It also works to the disadvantage of small operators who cannot produce every type of rock needed by the County.

D. Recommendation

Award requirement contracts to qualified bidders.

IV. IMPLEMENTATION/FOLLOW-UP

Rock materials will be purchased as needed to maintain County roads and provide a safe traveling surface for the public.
