AGENDA COVER MEMO

AGENDA DATE: June 27, 2007

TO: Board of County Commissioners

DEPARTMENT: Health & Human Services

PRESENTED BY: Lynise Kjolberg, Administrative Manager

AGENDA TITLE: ORDER _____ / IN THE MATTER OF AMENDING CHAPTER 60 OF LANE MANUAL TO REVISE CERTAIN HEALTH & HUMAN SERVICES FEES (LM 60.840) EFFECTIVE JULY 1, 2007

I. MOTION

ORDER _____ / In The Matter of Amending Chapter 60 of Lane Manual to Revise Certain Health & Human Services Fees (LM 60.840) Effective July 1, 2007

II. AGENDA ITEM SUMMARY

The Board is being asked to approve the Department of Health & Human Services annual Lane Manual fee revision. In this revision, new fees have been added, existing fees have been deleted, renamed, or increased to reflect current service costs and to maximize revenue collection; language has been updated to clarify current practice or to update to current state statute.

III. BACKGROUND/IMPLICATIONS OF ACTION

A. Board Action and Other History

The last annual fee schedule revision for the Department of Health & Human Services was completed in June 2006. There have not been any interim revisions.

B. Policy Issues

Fees are set and collected to support programs as much as possible, with consideration given to keeping service attainable to clients with limited income. Most department programs use a sliding-fee scale to minimize barriers and encourage utilization of services.

C. Board Goals

The request for annual revisions of Department fees aligns with the adopted strategic plan of Lane County. Section D2, Identify and recover user fees and

directs Lane County to establish and collect fair and reasonable fees for our services. Fees will be based on cost, including reasonable allocations of overhead. In addition, sliding-fee scales based on income will be established for essential services. Health & Human Services annually reviews the fees listed in the Lane Manual. Staff have calculated the cost of providing the services and adjusted fees accordingly. Additions or deletions of fees are done as provided services change.

D. Financial and/or Resource Considerations

Generally, fees charged and collected by this department are determined by different jurisdictions or other outside factors. In some cases, fees are set by state statute or administrative rule. Fees are also set by the Oregon Health Plan reimbursement schedule, federally supported sliding-fee scales, and state required reduction and waivers. The department complies with required outside fee determinants; and, at the same time, strives to maximize revenue collections from fees while attempting to minimize barriers and encourage utilization of services. Health & Human Services staff have reviewed fees and request that selected fees should be increased to match the cost of providing services and to maximize reimbursements from the state and other sources, other fees have been added or deleted to reflect the services currently provided.

The Finance and Audit Committee reviewed the proposed fee schedule on May 24, 2007.

E. Analysis

Public Health has completed an evaluation of the ***Administration of Vaccine/Medication*** fee, currently at \$12. The cost of the administrative portion of providing immunizations/medications is more than **\$15**. All clinic fees not set by the state, are proposed to increase 5% to cover the additional costs. Public Health is required to provide services regardless of ability to pay. In addition, Family Planning services are now provided by the Community Health Center. The Family Planning fees listed under the Public Health section can be deleted.

Proposed Fee Changes

Environmental Health is supported primarily by fees collected. They do not receive any county General Fund. Fees have been evaluated and a proposed incremental increase in the most common fees will cover increased program costs and allow the program to maintain the required contingency. Other fees have been raised more than an incremental amount to cover the cost of the staff time required to perform the service. Lane County serves a large geographic area, which increases the cost of providing the service. Additionally, Lane County is the fourth largest county in the state, yet in comparison, some of our fees are among the lowest in the state. See attachment A.

Environmental Health proposes adding a new fee, the hourly field rate, to be charged for inspection or consultation time above and beyond the services normally included in the standard fee list.

Mental Health and Alcohol, Drug, and Offenders programs propose to increase existing fees to cover increased costs, including indirect charges, and to bring the fees in line with what is usual and customary in the mental health field. Mental Health charges their clients on a sliding-fee scale based on income. As a result, this fee increase will have minimal impact on self-pay clients.

In the list of services provided by therapist or nursing staff and psychiatric nurse practitioners, **Case Management** has been added to the list of possible services.

Proposed Fee Changes

Physician/Psychiatrist – Adult	\$220	\$250

Community Health Centers staff request to change the name of three dental fees, increase the **Oral Evaluation** fee from \$23 to \$31, remove language that references family planning fees within the Public Health section, and add a **Pharmaceutical Company Drug Assistance Program Application** fee of \$5. This fee helps cover the cost of completing paperwork for low-income clients to apply for financial assistance with prescriptions.

F. Alternative / Options

1. To approve the proposed fee adjustment and appropriate fees in the next supplemental, as needed.
2. To not approve the proposed adjustment in fees. To do so would, in some cases, limit the ability of programs to generate revenue to cover increased costs.

IV. TIMING/IMPLEMENTATION

Fees would become effective July 1, 2007. Budget adjustments for FY 2007/2008 would be processed during the first supplemental process in FY 2007/2008.

VI. RECOMMENDATION

The recommendation supported by the Department of Health & Human Services is as follows:

The Board to amend Lane Manual to revise the Health & Human Services fee schedule.

VII. FOLLOW-UP

Health & Human Services staff will work with program staff to implement the approved fee changes and add the proposed increased revenue to the next supplemental budget process.

60.840 Department of Health and Human Services Fees.

In order to ensure the efficiency of human services in Lane County, the Department of Health and Human Services is authorized to collect fees for services.

When the fee is listed at actual cost or acquisition cost, this is to mean the actual cost of purchasing the service or product, rounded to the nearest dollar.

The Department Director, or designated program managers within the Department have authority to waive any fee in part or in whole for good cause shown or in circumstances where it is apparent that the client could not accept the services if a fee was required. Written documentation on these extenuating circumstances are to be kept on file. Fiscal records should reflect charges as per fee schedule, with balances shown for bad debts and for fees waived. Those fees for which a sliding fee scale is appropriate, will be discounted according to the annual Service Discount Schedule approved by the United States Department of Health and Human Services, Region X.

Pursuant to the authorization of ORS 431.415 and the authority of the Lane County Home Rule Charter, the following fees shall be charged by the Department of Health and Human Services and paid to Lane County for the following services. (9) Community Health Centers (FQHC). Community Health Centers provide access to primary and preventive healthcare services for medically uninsured, underserved and homeless populations in Lane County, in accordance with federal requirements under Section 330 of the Public Health Service Act. The Community Health Center has a Board approved fee schedule for all billable services. The fee schedule is established and implemented to ensure that all patients receive fair and equitable treatment for any and all services provided by the Community Health Center. The fee schedule approximates reimbursable costs for those services and is comparable to prevailing local rates. The billing for third party coverage, i.e. Medicare, Medicaid, private insurance carriers, etc., is set at the usual and customary full charge.

Patients with restricted, limited, or no third-party insurance coverage will be expected to provide appropriate information for a determination of eligibility in order to receive a sliding fee discount. Based on proof of income presented and/or social verification recorded, patients will be informed of eligibility for a sliding fee discount from the usual and customary full charge. All patients are eligible to apply for the sliding fee discount. Eligibility is based on total family size and family income using current Federal Poverty Guidelines. Eligible patients will have their covered charges discounted based on the sliding fee schedule. Patients will be required to pay a nominal or minimum fee even if they fall below 100% of the Federal Poverty Level. Patients below 100% of the federal poverty level pay a minimum fee and those between 100% and 200% of the federal poverty level pay a discounted sliding fee. Fees for lab, pharmacy and durable medical equipment and supplies may be added to the minimum fee and/or discounted fee.

Community Health Centers Sliding Scale (“flat fee”) Fee Discount Scale

	Flat Fee	Fee for Additional Procedures
<100% FPL	\$20	+15
100-125% FPL	\$25	+20
125-150% FPL	\$40	+25
150-175% FPL	\$50	+30
175-200% FPL	\$60	+35
>200% FPL	Full Fee	Full Fee

No patient will be denied access to services simply due to an inability to pay for services. However patients “unwilling-to-pay,” may be denied services. Willingness to pay is defined as taking appropriate steps to ensure payment for services rendered. Patients will be expected to comply with the efforts of registration staff members to ascertain the existence of any third-party insurance coverage a patient may possess, or otherwise appropriately document said patient’s inability to pay for services.

60.840 Department of Health and Human Services Fees.

In order to ensure the efficiency of human services in Lane County, the Department of Health and Human Services is authorized to collect fees for services.

When the fee is listed at actual cost or acquisition cost, this is to mean the actual cost of purchasing the service or product, rounded to the nearest dollar.

The Department Director, or designated program managers within the Department have authority to waive any fee in part or in whole for good cause shown or in circumstances where it is apparent that the client could not accept the services if a fee was required. Written documentation on these extenuating circumstances are to be kept on file. Fiscal records should reflect charges as per fee schedule, with balances shown for bad debts and for fees waived. Those fees for which a sliding fee scale is appropriate, will be discounted according to the annual Service Discount Schedule approved by the United States Department of Health and Human Services, Region X.

Pursuant to the authorization of ORS 431.415 and the authority of the Lane County Home Rule Charter, the following fees shall be charged by the Department of Health and Human Services and paid to Lane County for the following services. Any fee that is designated "Actual," or "Acquisition Cost" will be set at the beginning of each fiscal year, or as directed by the state. Lane County collects additional fees, which are not listed, for services to clients billed directly to various state agencies. These fees are set by the state agency and are not charged directly to clients. Examples of such fees are: Family Planning Expansion Project and Mental Health Residential daily rate.

(409) **Community Health Centers (FQHC)**. Community Health Centers provide access to primary and preventive healthcare services for medically uninsured, underserved and homeless populations in Lane County, in accordance with federal requirements under Section 330 of the Public Health Service Act. The Community Health Center has a Board approved fee schedule for all billable services. The fee schedule is established and implemented to ensure that all patients receive fair and equitable treatment for any and all services provided by the Community Health Center. The fee schedule approximates reimbursable costs for those services and is comparable to prevailing local rates. The billing for third party coverage, i.e. Medicare, Medicaid, private insurance carriers, etc., is set at the usual and customary full charge.

Patients with restricted, limited, or no third-party insurance coverage will be expected to provide appropriate information for a determination of eligibility in order to receive a sliding fee discount. Based on proof of income presented and/or social verification recorded, patients will be informed of eligibility for a sliding fee discount from the usual and customary full charge. All patients are eligible to apply for the sliding fee discount. Eligibility is based on total family size and family income using current

Federal Poverty Guidelines. Eligible patients will have their covered charges discounted based on the sliding fee schedule. Patients will be required to pay a nominal or minimum fee even if they fall below 100% of the Federal Poverty Level. Patients below 100% of the federal poverty level pay a minimum fee and those between 100% and 200% of the federal poverty level pay a discounted sliding fee. Fees for lab, pharmacy and durable medical equipment and supplies may be added to the minimum fee and/or discounted fee.

No patient will be denied access to services simply due to an inability to pay for services. However patients "unwilling-to-pay," may be denied services. Willingness to pay is defined as taking appropriate steps to ensure payment for services rendered. Patients will be expected to comply with the efforts of registration staff members to ascertain the existence of any third-party insurance coverage a patient may possess, or otherwise appropriately document said patient's inability to pay for services.
