Regarding PA06-7216

As you are aware the subject claim was unrecommended for approval by County Staff for the May 1 hearing.

The problem is that the date of acquisition which in the staff report was April 6, 1978. The actual date of acquisition was prior to January 1 1967 when the property was purchased under a Land Sales Contract. To this date however we are unable to find a copy of this contract.

As evidence of the Land Sales Contract we are offering a payment book through which the Wilsons made payments to the US National Bank in Cottage Grove, OR. (Enclosed). We have also contacted the Taxation Department of Lane County and indeed taxation statements were sent to the Wilsons during that period of time. We have enclosed one of the records for the year of 1972.

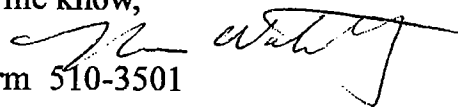

What we would like to know is if all of the tax statements were made available to planning staff would that be sufficient evidence to conclude that the Wilsons did have a Land Sales Contract during that period of time.

The records search from taxation cost \$ 40.00 per year. We are prepared to order all of these statements or a sufficient number of them if this would be sufficient evidence of ownership for the Wilsons.

We feel that there is a preponderance of evidence supporting the Wilsons claim.

Let me know,

Norm 510-3501
