AGENDA COVER MEMO

AGENDA DATE: June 3, 2009

TO: Board of County Commissioners

DEPARTMENT: Health & Human Services

PRESENTED BY: Lynise Kjolberg, Administrative Manager

AGENDA TITLE: ORDER _____ / IN THE MATTER OF AMENDING CHAPTER 60 OF LANE MANUAL TO REVISE CERTAIN HEALTH & HUMAN SERVICES FEES (LM 60.840) EFFECTIVE JULY 1, 2009

I. MOTION

ORDER _____ / In The Matter of Amending Chapter 60 of Lane Manual to Revise Certain Health & Human Services Fees (LM 60.840) Effective July 1, 2009.

II. AGENDA ITEM SUMMARY

The Board is being asked to approve the Department of Health & Human Services annual Lane Manual fee revision. In this revision, a new fee has been added and existing fees have been deleted or increased to reflect current service costs and to maximize revenue collection.

III. BACKGROUND/IMPLICATIONS OF ACTION

A. Board Action and Other History

The last annual fee schedule revision for the Department of Health & Human Services was completed in June 2008. There have not been any interim revisions.

B. Policy Issues

Fees are set and collected to support programs as much as possible, with consideration given to keeping service attainable to clients with limited income. Most department programs use a sliding-fee scale to minimize barriers and encourage utilization of services.

C. Board Goals

The request for annual revisions of department fees aligns with the adopted strategic plan of Lane County. Section D2, identify and recover user fees and directs Lane County to establish and collect fair and reasonable fees for our

services. Fees are based on cost, including reasonable allocations of overhead. In addition, sliding-fee scales based on income are established for essential services. Health & Human Services annually reviews the fees listed in the Lane Manual. Staff have calculated the cost of providing the services and adjusted fees accordingly. Additions or deletions of fees are done as provided services change.

D. Financial and/or Resource Considerations

Generally, fees charged and collected by this department are determined by different jurisdictions or other outside factors. In some cases, fees are set by state statute or administrative rule. Fees are also set by the Oregon Health Plan reimbursement schedule, federally supported sliding-fee scales, and state required reduction and waivers. The department complies with required outside fee determinants; and, at the same time, strives to maximize revenue collections from fees while attempting to minimize barriers and encourage utilization of services. Health & Human Services staff have reviewed fees and request that selected fees should be increased to match the cost of providing services and to maximize reimbursements from the state and other sources, other fees have been added or deleted to reflect the services currently provided.

E. Analysis

Public Health is supported primarily by Dept. Human Services grant and County General Fund. Fees are charged based on a sliding fee scale so no individual is turned away for inability to pay. Raising fees allow the division to collect from Oregon Health Plan for close to the full cost for services provided.

Environmental Health, a program within Public Health, requests to add a new fee to cover the cost of a Temporary Restaurant Sanitation kit. This kit includes two thermometers (one probe and one refrigerator), chlorine test paper strips, and several alcohol prep pads. The kit is available for purchase by temporary restaurant operations.

Proposed Fee Changes
Public Health

| Description | Current Fee | Proposed Fee |
|---|-------------|--------------|
| Established Patient – Prevention | \$30 | \$35 |
| New Patient – Prevention | \$40 | \$45 |
| Administration of Vaccine/Medication | \$15 | \$20 |
| Temporary Restaurant Sanitation kit with bleach test strips | New Fee | \$10 |

Parole & Probation was transferred to Public Safety in 2008. The Parole and Probation fees were added under the Public Safety section of the Lane Manual and can be removed from Health & Human section of the Lane Manual.

F. Alternative / Options

1. To approve the proposed fee adjustment and appropriate fees in the next supplemental, as needed.
2. To not approve the proposed adjustment in fees. To do so would, in some cases, limit the ability of programs to generate revenue to cover increased costs.

IV. TIMING/IMPLEMENTATION

Fees would become effective July 1, 2009. Budget adjustments for FY 2009/2010 would be processed during the first supplemental process in FY 2009/2010.

V. RECOMMENDATION

The recommendation supported by the Department of Health & Human Services is as follows:

The Board to amend Lane Manual to revise the Health & Human Services fee schedule.

VI. FOLLOW-UP

Health & Human Services staff will work with program staff to implement the approved fee changes and add the proposed increased revenue to the next supplemental budget process.

60.840 Department of Health and Human Services Fees.

In order to ensure the efficiency of human services in Lane County, the Department of Health and Human Services is authorized to collect fees for services.

When the fee is listed at actual cost or acquisition cost, this is to mean the actual cost of purchasing the service or product, rounded to the nearest dollar.

The Department Director, or designated program managers within the Department have authority to waive any fee in part or in whole for good cause shown or in circumstances where it is apparent that the client could not accept the services if a fee was required. Written documentation on these extenuating circumstances are to be kept on file. Fiscal records should reflect charges as per fee schedule, with balances shown for bad debts and for fees waived. Those fees for which a sliding fee scale is appropriate, will be discounted according to the annual Service Discount Schedule approved by the United States Department of Health and Human Services, Region X.

Pursuant to the authorization of ORS 431.415 and the authority of the Lane County Home Rule Charter, the following fees shall be charged by the Department of Health and Human Services and paid to Lane County for the following services. Any fee that is designated "Actual," or "Acquisition Cost" will be set at the beginning of each fiscal year, or as directed by the state. Lane County collects additional fees, which are not listed, for services to clients billed directly to various state agencies. These fees are set by the state agency and are not charged directly to clients. Examples of such fees are: Family Planning Expansion Project and Mental Health Residential daily rate.

(7) Community Health Centers (FQHC). Community Health Centers provide access to primary and preventive healthcare services for medically uninsured, underserved and homeless populations in Lane County, in accordance with federal requirements under Section 330 of the Public Health Service Act. The Community Health Center has a Board approved fee schedule for all billable services. The fee schedule is established and implemented to ensure that all patients receive fair and equitable treatment for any and all services provided by the Community Health Center. The fee schedule approximates reimbursable costs for those services and is comparable to prevailing local rates. The billing for third party coverage, i.e. Medicare, Medicaid, private insurance carriers, etc., is set at the usual and customary full charge.

Patients with restricted, limited, or no third-party insurance coverage will be expected to provide appropriate information for a determination of eligibility in order to receive a sliding fee discount. Based on proof of income presented and/or social verification recorded, patients will be informed of eligibility for a sliding fee discount from the usual and customary full charge. All patients are eligible to apply for the sliding fee discount. Eligibility is based on total family size and family income using current Federal Poverty Guidelines. Eligible patients will have their covered charges discounted based on the sliding fee schedule. Patients will be required to pay a nominal or minimum fee even if they fall below 100% of the Federal Poverty Level. Patients below 100% of the federal poverty level pay a minimum fee and those between 100% and 200% of the federal poverty level pay a discounted sliding fee. Fees for lab, pharmacy and durable medical equipment and supplies may be added to the minimum fee and/or discounted fee.

Community Health Centers Sliding Scale ("flat fee") Fee Discount Scale

No patient will be denied access to services simply due to an inability to pay for services. However patients "unwilling-to-pay," may be denied services. Willingness to pay is defined as taking appropriate steps to ensure payment for services rendered. Patients will be expected to comply with the efforts of registration staff members to ascertain the existence of any third-party insurance coverage a patient may possess, or otherwise appropriately document said patient's inability to pay for services.

60.840 Department of Health and Human Services Fees.

In order to ensure the efficiency of human services in Lane County, the Department of Health and Human Services is authorized to collect fees for services.

When the fee is listed at actual cost or acquisition cost, this is to mean the actual cost of purchasing the service or product, rounded to the nearest dollar.

The Department Director, or designated program managers within the Department have authority to waive any fee in part or in whole for good cause shown or in circumstances where it is apparent that the client could not accept the services if a fee was required. Written documentation on these extenuating circumstances are to be kept on file. Fiscal records should reflect charges as per fee schedule, with balances shown for bad debts and for fees waived. Those fees for which a sliding fee scale is appropriate, will be discounted according to the annual Service Discount Schedule approved by the United States Department of Health and Human Services, Region X.

Pursuant to the authorization of ORS 431.415 and the authority of the Lane County Home Rule Charter, the following fees shall be charged by the Department of Health and Human Services and paid to Lane County for the following services. Any fee that is designated "Actual," or "Acquisition Cost" will be set at the beginning of each fiscal year, or as directed by the state. Lane County collects additional fees, which are not listed, for services to clients billed directly to various state agencies. These fees are set by the state agency and are not charged directly to clients. Examples of such fees are: Family Planning Expansion Project and Mental Health Residential daily rate.

(7) **Community Health Centers (FQHC)**. Community Health Centers provide access to primary and preventive healthcare services for medically uninsured, underserved and homeless populations in Lane County, in accordance with federal requirements under Section 330 of the Public Health Service Act. The Community Health Center has a Board approved fee schedule for all billable services. The fee schedule is established and implemented to ensure that all patients receive fair and equitable treatment for any and all services provided by the Community Health Center. The fee schedule approximates reimbursable costs for those services and is comparable to prevailing local rates. The billing for third party coverage, i.e. Medicare, Medicaid, private insurance carriers, etc., is set at the usual and customary full charge.

Patients with restricted, limited, or no third-party insurance coverage will be expected to provide appropriate information for a determination of eligibility in order to receive a sliding fee discount. Based on proof of income presented and/or social verification recorded, patients will be informed of eligibility for a sliding fee discount from the usual and customary full charge. All patients are eligible to apply for the sliding fee discount. Eligibility is based on total family size and family income using current Federal Poverty Guidelines. Eligible patients will have their covered charges discounted based on the sliding fee schedule. Patients will be required to pay a nominal or minimum fee even if they fall below 100% of the Federal Poverty Level. Patients below 100% of the federal poverty level pay a minimum fee and those between 100% and 200% of the federal poverty level pay a discounted sliding fee. Fees for lab, pharmacy and durable medical equipment and supplies may be added to the minimum fee and/or discounted fee.

No patient will be denied access to services simply due to an inability to pay for services. However patients "unwilling-to-pay," may be denied services. Willingness to pay is defined as taking appropriate steps to ensure payment for services rendered. Patients will be expected to comply with the efforts of registration staff members to ascertain the existence of any third-party insurance coverage a patient may possess, or otherwise appropriately document said patient's inability to pay for services.
