

W. G. E. I.

Memorandum Date: May 13, 2009
Order Date: June 03, 2009

TO: Board of County Commissioners

DEPARTMENT: Public Works – Road Maintenance Division

PRESENTED BY: Arno Nelson – Road Maintenance Division Manager

AGENDA ITEM TITLE: IN THE MATTER OF AWARDING REQUIREMENTS CONTRACTS TO VARIOUS CONTRACTORS FOR THE RENTAL OF HEAVY EQUIPMENT TO SUPPLEMENT COUNTY RESOURCES FOR ONGOING OPERATIONS AND DURING EMERGENCIES CAUSED BY FLOODS, WINDSTORMS AND OTHER DISASTERS DURING THE PERIOD OF JULY 1, 2009 TO JUNE 30, 2010, CONTRACT NO. RM 09/10-01

I. MOTION

THAT THE ATTACHED BOARD ORDER BE ADOPTED AWARDING REQUIREMENTS CONTRACTS TO VARIOUS CONTRACTORS FOR THE RENTAL OF HEAVY EQUIPMENT TO SUPPLEMENT COUNTY RESOURCES FOR ONGOING OPERATIONS AND DURING EMERGENCIES CAUSED BY FLOODS, WINDSTORMS AND OTHER DISASTERS DURING THE PERIOD OF JULY 1, 2009 TO JUNE 30, 2010, CONTRACT NO. RM 09/10-01.

II. DISCUSSION

A. Background / Analysis

Over the past twelve years, Lane County has experienced three major windstorms, three major floods and two major winter storms. Prior to April 1997, these disasters required the Department of Public Works to solicit quotes for additional equipment, including dump trucks, excavators, loaders, dozers and graders in order to meet the needs of repairing the road system and serving the citizens of the County.

The Department of Public Works also has occasional needs for additional or specialized equipment to meet ongoing operational needs in maintaining roads and bridges and construction activities for other County Departments. Truck cranes, rollers, dozers, scrapers and utility locator equipment have been rented from equipment vendors and contractors on a regular basis.

In 1997, the County began soliciting bids for rental of heavy equipment and entered into requirements contracts with all responsive bidders in March of that year. Requirements contracts have been awarded since July 1, 1998 with the current contracts expiring on June 30, 2009. Due to the continuing volatility of fuel costs, the decision was made to solicit bids for a one year time period. In the future, if fuel costs maintain level prices, the requirements contracts would be awarded for a two year period again.

Bids were opened on May 12, 2009 and eight (8) bidders responded to the request for bids.

Upon approval of the Board, it is the intention of the Department to enter into requirements contracts with all responsive bidders.

Sufficient funds are available in the FY 09/10 budget to cover emergency road repair work.

III. TIMING/IMPLEMENTATION

Action today will allow the County Administrator to sign the requirements contracts with the eight (8) responsive bidders for the equipment listed in the bid recap as stipulated by the specifications of Contract No. RM 09/10-01.

IV. RECOMMENDATION

It is recommended that the Board authorize the County Administrator to sign the requirements contracts with various bidders.
