In the Matter of Awarding Contracts and Amendments for the Managed Mental Health Provider Panel and Managed Mental Health Services as Listed in Appendix A.

II. DISCUSSION

A. Background / Analysis

LaneCare, the Managed Mental Health Program for Oregon Health Plan members, is a federally funded program within the Department of Health & Human Services formed to provide managed mental health care services to Oregon Health Plan (OHP) members. LaneCare has been managing the mental health services for OHP members in Lane County for the past eleven years. The annual budget is approximately 23 million dollars serving the approximately 37,000 Oregon Health Plan members in Lane County.

The Mental Health Organization Agreement between Lane County and the Department of Human Services specifies that the "Contractor shall maintain and monitor a Provider Panel that is supported with written agreements, and that has sufficient capacity and expertise to provide adequate, timely and medically appropriate access to covered services to Oregon Health Plan members across the age span from child to older adult." A Request for Qualified Providers for mental health services was released on September 21 2009. Agencies which responded to the Request for Qualified Providers and qualified to be on the Provider Panel are listed in Appendix A.

Letters of Interest for Psychiatrists and Nurse Practitioners to serve on the Provider Panel were released on September 21, 2009. All letters of interest which were submitted were invited to serve on the Provider Panel.

Appendix A also lists those LaneCare amendments for managed mental health services which require delegated authority per LM 21.147.
