**TO:** Board of Lane County Commissioners

**FROM DEPARTMENT:** Public Works, Road Maintenance Division

**PRESENTED BY:** Arno Nelson, Division Manager

**AGENDA ITEM TITLE:** In the matter of awarding requirement contracts to various contractors to establish unit prices for Liquid Asphalt Materials, Delivery, CRC Distributor and Operator needs during the fiscal year 2010-2011, prospective Contract No. 10/11-M&S-52 and that the County Administrator be authorized to sign the contracts

---

**I. MOTION**

**THAT THE ATTACHED BOARD ORDER BE ADOPTED AWARDED REQUIREMENT CONTRACTS FOR FURNISHING THE YEARLY NEEDS OF LIQUID ASPHALT MATERIALS, DELIVERY, CRC DISTRIBUTOR AND OPERATOR TO VARIOUS CONTRACTORS IN THE AMOUNTS NEEDED FOR FISCAL YEAR 2010-2011 AS SPECIFIED IN THE BOARD ORDER; THAT THE CONTACTS BE EXECUTED IN ACCORDANCE WITH THE BID SPECIFICATIONS; AND THAT THE COUNTY ADMINISTRATOR BE AUTHORIZED TO SIGN THE CONTRACTS.**

**II. DISCUSSION**

**A. Background / Analysis**

These contracts are for furnishing liquid asphalt materials, delivery, CRC distributor and operator to be used in maintenance of County roads as needed during the fiscal year 2010-2011. Contracts are awarded annually to all qualifying bidders, which guarantees Lane County the best price for materials, delivery, CRC distributor and operator.

Liquid asphalt is applied with rock chips to seal deteriorating hard surface roads (also referred to as "chip seals") to minimize the water intrusion into the road base, protect the old surface from further oxidation and restore skid resistance.

Contract specifications require Lane County to purchase at least \$100.00 of materials from each qualifying bidder. These materials are purchased as needed during the term of the contract and, therefore, a contract dollar amount cannot be specified.

The application of chip seals prolongs the serviceable life of the existing road surface and postpones the necessity of expensive capital improvements such as asphalt overlays or reconstruction. The average bid figures from last year are compared with this year's averages to show cost increases/decreases as follows:

Item No.	Item	Unit	Average Unit Price		
			09/10 Bid Amt	10/11 Bid Amt	% Increase
1.	CRS-2 Emulsified Asphalt	Ton	550.00	550.00	0%
