

T. S. C.

## Initial Brainstorming: United Front March 2011

### Exit 189 LCC Improvements

Partner with LCC, ODOT, LTD (LCC would have to come into UF)

### LCAS new animal shelter

Animal svcs not typically marked through approps. Bricks/mortar could be another issue.

### Public Safety technology

COPS Tech highly interested in community policing, resident deputies or regional morgue could fit per discussions with that office in 2010.

### District Attorney's office computer system

Statewide implications, may be a way to couch this to Senators in a non-UF context

### Fish Ladder, other habitat improvements

Need to review 2007 WRDA bill, Dexter/Lookout Point, in conjunction with Benton Co?

### Creswell water project to park and river (Hill Creek)

Water temps too high... WRDA review?

### Short Mountain energy park

EPUD contract remains problematic

### Streetcar

Dependent on LTD and study outcome

### Coos Bay Rail Link

Eugene access issues to ensure equal opportunity to BN and UP lines

### Oakridge Industrial Park rail spur

Possible small city project

### Fairgrounds Improvements (rink)

Note Umatilla proposal was NOT recommended

### Children and Families, revisit project proposals from UF 2010

Youth Recovery, Rural Families Services, Womenspace Center

### Covered bridge renovations

Goodpasture, Chambers Railroad bridge specific, or broader (review new grant RFP)

### Localized food processing-farm to commercial

### Medical Teaching Center

**United Front, FFY 2011, Congressionally Directed Spending status, a/o 4/27/2010**
