Summary 175 words which concisely and impartially summarizes the measure and its major effect.

If approved, this measure would finance capital costs, including improving, repairing, expanding school athletic facilities for students and community groups, specifically:

- Developing property west of Elmira Elementary School for baseball, softball, other athletic uses for students and K-12 youth groups.
- Replacing current EHS 440 yard track and field with 400 meter track and field complex including bleachers, press box, storage, restrooms, gate, snack bar, turf field for student and community sports. *OK*
- Improving, expanding irrigation system; field lighting.
- Paying bond issuance costs.

Bonds may be issued in one or more series and mature in 18 years or less from date of issuance. District voters last approved bonds in 2014 when the bond tax rate was \$2.19 per \$1,000.00 of assessed value. Stronger than projected growth in assessed value led to lower bond rates in 2015 through 2018. If these bonds are approved, the total estimated bond tax rate is projected to be the same as in 2014. Actual rates may vary based upon interest rates incurred and changes in assessed value. *174*
