A few more things to keep in mind:

If you have pets – Remember that pets will need food and water during an emergency too. Be sure to store a few gallons of water for your cat or dog. Also be sure to have a pet carrier or leash available in case you need to leave your home.

If you have kids – Children are particularly vulnerable during an emergency so make sure you have plenty of supplies to keep them comfortable. Your kit should include their favorite snacks and some games or other activities to help keep them calm and happy if an emergency occurs.

Emergency Supply Kit

3-Month Calendar & Shopping List

Assemble everything you need for a robust emergency kit by purchasing or collecting a few items each week over the course of three months.

Originally developed by University of Oregon
Safety and Risk Services

Prepare yourself and your family for emergencies in just 12 weeks.

= Things to purchase or collect.

Store your supplies so they are easy to access. Keep them in a backpack, duffle bag, or even a (clean) garbage bin.

= Things to do. These simple but critical preparedness activities will help you and your family stay safe and healthy.

Don't forget to mark your food with the purchase date (especially for more perishable items).
