SENIOR ADMINISTRATIVE ANALYST

CLASS SUMMARY:

To perform the most difficult and complex administrative analytical work involved in the study of organization and systems directed toward improving the efficient attainment of department objectives and purposes; to collect, organize, analyze and interpret data; to prepare detailed research, studies, reports and recommendations; to plan, assign and review the work of other professional and support staff; and to perform related duties as assigned.

CLASS CHARACTERISTICS:

This is the advanced journey level class in the Administrative Analyst series. Positions at this level are distinguished from other classes within the series by the level of responsibility assumed and the complexity of duties assigned. Employees perform the most difficult and responsible types of duties assigned to classes within this series including advanced administrative and management research, analysis and system design and planning, assigning and reviewing the work of other professional and support staff. Employees at this level are required to be fully trained in all procedures related to assigned area of responsibility.

SUPERVISION RECEIVED: Receives direction from assigned management personnel. May exercise direct supervision over clerical, technical and professional personnel.

TYPICAL CLASS ESSENTIAL DUTIES: (These duties are a representative sample; position assignments may vary.)

- | | |
