

London Road Safety Corridor (LRSC): Fees Double – Fact Sheet

The first seven miles of London Road (from Latham Road to the southern end of Cottage Grove Reservoir Road) has been designated a Safety Corridor because multiple people have been killed or seriously injured in traffic crashes. This means fines for traffic violations will be doubled – to encourage people to drive at safe speeds and save lives. The fines-double will be in effect from July 4, 2021 through July 5, 2023.

The following information is intended to be used for education only about the LRSC. This information is NOT legal advice and should not be relied upon in any legal action. Each individual case is different, and those differences will determine how the law is applied to any specific case or situation.

What is the speed limit on the London Road Safety Corridor?

Currently, there are no posted speed signs on the first seven miles of London Road designated as a Safety Corridor. The maximum speed is 55 mph, but slower speeds may apply based on roadway conditions. This is a state law known as Basic Rule. Violating the Basic Rule speed could include driving at a speed greater than is reasonable and prudent, having due regard to all of the following: traffic; surface and width of the road; a hazard at an intersection; weather; and visibility.

What fines are subject to doubling on the London Road Safety Corridor?

The fines apply to the following:

- Class A or Class B traffic violations.
- Class C or Class D traffic violations related to exceeding a legal speed.
- Reckless driving, as defined in ORS 811.140.
- Driving while under the influence of intoxicants, as defined in ORS 813.010.
- Failure to perform the duties of a driver involved in an accident or collision, as described in ORS 811.700 or 811.705.
- Criminal driving while suspended or revoked, as defined in ORS 811.182.
- Fleeing or attempting to elude a police officer, as defined in ORS 811.540.
