Our next regularly scheduled meeting is March 8, 2021.

# Greenhill - Harriet Ruby Smith Request

**Greenhill**  
Humane Society

88530 Green Hill Road • Eugene, Oregon 97402 • P: 541.689.1503 • F: 541.689.5261

February 5, 2021

Re: Digital X-ray machine for Greenhill Humane Society

By adding a digital X-ray machine to our Veterinary Medical Center, we intend to improve the level of care provided to animals brought to Greenhill for care and sheltering by individuals and government jurisdictions. In addition, we plan to offer X-ray services to nonprofit organizations in Lane County that help low income and/or housing-insecure people in the community.

Machine: IDEXX ImageVue DR 40 System

This is a mid-level, fully digital machine from IDEXX. The quote contains all necessary components including:

- X-ray table and generator
- Selenium DR Plate
- Computer and software (1 year)
- Set-up/installation
- Training
- Servicing (1 year)
- Shielding inspection/report and permitting fees
- Registration fees (2 year)
- Protective gear for medical staff
  - Aprons and mittens
  - Thyroid collars
  - Dosimeter badges/radiation monitoring

Organizations including Oregon Humane Society and the Humane Society of Southwest Washington recommend this machine based on their use.

**Total cost including the first year of fees and services equals \$78,000**

We are asking for financial support from the Lane County Animal Care Committee through use of the Harriet Ruby Smith Trust.

Cary Ljebberman, CAWA  
Executive Director

# WAG - Harriet Ruby Smith Request

## **Requester Information:**

Willamette Animal Guild (WAG) is a 501c3 organization whose mission is the prevention of animal suffering, with a specific emphasis on reducing pet overpopulation through offering high-quality, high-volume, low-cost spay/neuter (S/N) services for Lane County residents. WAG receives no government funding and is primarily self-supporting through program fees. Shortfalls are eliminated by generous community and business support as well as grants from Petco, PetSmart, ASPCA and other foundations.

WAG opened its S/N clinic in 2008, and since then has performed over 64,000 S/N surgeries. This number represents the prevention of over 320,000 unwanted animals in Lane County, assuming an average litter size of five and taking into account single generational impact only. However, it should be noted that one unspayed cat and her offspring can produce almost 5,000 kittens in a period of just seven years if S/N is not available to interrupt the cycle.

WAG is making this funding request on behalf of its Lane County Trap Neuter Release (TNR) partners. WAG will not benefit from these funds in any way, as we already heavily subsidize our feral cat packages (which feature vaccines, including rabies, flea/ear mite treatment, in addition to S/N) by over 50%.

Additionally, WAG still has a backlog of nearly 1,000 waitlisted clients so we do not stand to benefit from these funds from that perspective either. WAG's feral cat policy is standby only, meaning when one or more of our 30 daily S/N patients fail to make their appointment, we fill those spots with ferals who are waiting (since most trappers can never be sure they will be able to trap an animal on a specific day).

WAG recently paid its staff overtime to do a special feral-only Saturday clinic to help TNR partners in this current dire situation with ferals. We will also begin reserving one day a month to do other ferals-only surgery days for high-volume, expert-level TNR organizations and individuals who can usually guarantee a certain number of trapped animals for a particular day.

WAG sees a huge need in our community explicitly not addressed by the Lane County voucher program (ferals are not eligible), and is here as a TNR community advocate and feral S/N service provider to ask that all entities involved in the Harriet Ruby Smith Trust/LCAS Fund (The Trust) disbursement decision-making process consider the following proposal.

## **Background:**

Prior to the pandemic, the TNR community had been keeping the feral overpopulation in Lane County relatively at bay. Many expert trappers working solo and/or with support from local rescues such as Cat Rescue Adoption Network (CRAN), along with hundreds of concerned citizens, have been tackling feral/community cat overpopulation issues throughout the county.

TNR projects take place on residential properties, farms, business parks, riverside areas, school properties, county park and woodlands and most recently, in the McKenzie fire region. These animals are then spayed/neutered (S/N) typically at WAG or Greenhill Humane Society (GHS) and either released, or if young enough to be socialized, placed in foster for eventual placement in loving homes.

In March of 2020, WAG shuttered its doors per Governor Brown's mandate for PPE conservation, S/N being deemed a nonessential animal service. WAG was closed for two months until May 2020, which spelled disaster for TNR efforts especially given the mild winter and early onset of kitten season.

WAG did reopen in late May once legally allowed to do so, but was faced with rescheduling hundreds of appointments and an additional backlog waitlist of 1,500 clients, many with multiple animals. Many other community S/N resources were much slower to come back online, or did so with greatly reduced numbers. Further, many community S/N resources do not offer feral S/N at all, or offer at a price point that does not fit within TNR's volume cat schema.

Ultimately, there was a shortage of feral S/N opportunities during kitten season in 2020. WAG accommodated over 500 feral/community cats S/N either through our \$45 feral cat package (detailed above) or with our "owned" cat package that is also subsidized but is a bit costlier as it does not require the ear tip. TNR teams or rescues often purchase the "owned" cat package for ferals that are young enough to be socialized and adopted out. Many adopters do not want a cat with a tipped ear, as it is seen as a defect, rather than a powerful sign to the TNR community that the free roaming cat has already been S/N and does not need to be trapped.

**Proposal:**

WAG is requesting \$20,000 from The Trust to cover a portion of either WAG's feral cat package or the "owned" package (for kittens that can be socialized and rehomed rather than returned to the outdoors). The proposed breakdown for fund use is as follows:

\$25 per feral cat or kitten used to defray the cost of either the \$45 feral cat package or the \$74 "owned" cat package (for kittens or community cats that show promise of socialization). This would serve 800 cats and help prevent our community from contending with over 4,000 unwanted animals, again taking into consideration first generational impact ONLY. WAG anticipates funds would be depleted within two years at this level of investment in the Lane County TNR effort.

WAG has also secured funding from SPCA International to offer an additional \$20 per feral cat to individuals who demonstrate significant need, thus completely defraying the cost of the feral cat package and significantly reducing the cost of the "owned" package when combined with the proposed \$25 funding from The Trust.

It is WAG's understanding that The Trust has been construed as restricted to only helping animals residing in unincorporated Lane County. As a participating veterinary clinic in Lane County's existing S/N voucher program which has the same restriction, WAG is already set up to vet fund requests and distribute S/N support for ferals on verified unincorporated Lane County properties. However, if these funds could be used in all of Lane County, it would certainly have the greatest impact on the community as it would be supporting TNR in densely populated areas, such as business parks and neighborhoods.

WAG would be responsible as guardian and administrator of the funds as a neutral party. WAG is prepared to vet all TNR efforts for qualifying factors such as locale and need, and would provide LCAS, Lane County Board of Commissioners, and any other requesting entity with detailed monthly reporting on where and how the funds were used. I look forward to speaking with LCASAC regarding this proposal and answering any questions you may have.

For the Animals,

Misha English

President, Willamette Animal Guild (WAG)

Admin Deliver or pick-up supplies, equip, veh maint, paperwork, DB enclosure inspects, etc.  
 Dispatch Citizen complaint, request for service  
 AWO Int Animal Welfare Officer initiated the call. ex: while on general patrol, picked-up a loose dog

or he was flagged/contacted by a citizen while in the field

**Contact** Contact with someone in person (citizen, dog owner, complainant, Vet)

**Citations** Issued - there may be more than one violation on each cite - stats are counted for each violation

**License Not Mailed out** letters advising dog owners we have received their dogs rabies record & they need to purchase a license

**License Re-Mailed out** letters advising dog owners their existing license and/or rabies is expired, or will expire within 30 days

**RTO** Return to owner Ex: picked-up a dog running loose and returned home to owner without having to impound

**Bites** Code required report of a bite resulting in skin breakage. Some may include a dispatch call for a Dangerous Behavior complaint.

**DB New** Dangerous Behavior, new formal complaints processed/citation issued

**Voucher** Approved and processed, not necessarily used

**Voucher** Used, submitted for payment to LCAS (from Vet)

**Impounds** Includes DOA's (dead on arrival)

**PR** Public relations. An informal request for contact to 'talk' to a citizen about an issue. Complainant doesn't want a ticket issued.

Note 1: 1 dangerous dog PR complaint (table 1) may result in 3 follow-up stat counts (table 2). 1 ea. for owner, victim, witness, or returns if no one home.  
 Note 2: Dog at large counts may be for dogs injured, in traffic, or loose/aggressive with no known owner. Doesn't include general patrol while in area.  
 Note 3: Dispatch cards 'actual' counts are for the month they are completed.
