Previous News Release

On 7/31/2017 at 4:34 pm, the Lane County Sheriff's Office received a report of a body found in a field near Milliron Road and Hwy 99 in Junction City. The body was found by an employee who was doing work in the field. The deceased appears to have been in the field for a substantial period of time, possibly several weeks, which has made identification difficult.

Preliminary investigation indicates that the deceased is male, between 5'5" to 6'00" tall with short, dark hair, and some facial hair. Age and ethnicity are still being determined. The State Forensic Anthropologist will be assisting the Lane County Sheriff's Office and the Lane County Medical Examiner's Office in identifying the man.

At this time, there is no indication that the deceased is the victim of violence. We are asking anyone who has information regarding the above described individual, or the circumstances surrounding his death, to call 541-682-4141.
